INTRODUCTION

This report has been compiled through the efforts of your local public officials, to serve as a permanent record of the events and transactions which have taken place over this past year.

It is our hope that you find this report to be informative as well as readable. Many hours of time and energy have been put toward the preparation of this report. We want to take this opportunity to thank Pat Blaisdell for her hard work and perserverance in preparing this report.

Last but not least, we would like to thank all the local town officials who provided the information which is contained within the covers of this report, for without their efforts, there would be no report.

Your questions and comments regarding any of the information contained in this report are welcomed. Please contact the Selectmen's Office at the Town Hall, telephone 424-2331.

The Merrimack Board of Selectmen
Nancy R. Gagnon, Chairman
Robert W. Brundige
John T. Mackey
Kathy L. Wales
Antone S. Holevas

DEDICATION

HERSCHEL W. COX

Herschel Cox served the Town of Merrimack as a selectman for six years, from 1959 to 1965. He was also a State Representative. Mr. Cox lived in Merrimack for over forty years, and for many years, operated the Cox General Store. He was a member of the Merrimack Memorial Post, American Legion, the Merrimack Post, Veterans of Foreign Wars, and the Rising Sun Lodge, F & AM.

Herschel Cox passed away on May 3, 1987.

DEDICATION

AGNES C. BERRY

Aggie was employed as a Police Dispatcher for the Town of Merrimack from January 18, 1971, until her retirement in February 1980, the result of a medical disability. Aggie was admired and respected by all who knew and worked with her. Her love for her job was evident to all who came in contact with her.

Aggie passed away on December 16, 1987, after a long illness.

DEDICATION

ARTHUR J. CARLSON, SR.

Arthur Carlson served the Town of Merrimack for nearly twenty years as a member of the Zoning Board of Adjustment, the Municipal Budget Committee, and as a Trustee of the Trust Funds. Arthur was a member of the Merrimack Rotary Club, and was one of the first recipients of the Paul Harris Award. Arthur was also a member of the Bektash Temple Shrine of New Hampshire and all Scottish Rite Bodies, Valley of Nashua. Most of all, Arthur was a friend to all of us at the Town Hall, and is sadly missed.

Arthur passed away on October 14, 1987.

IN APPRECIATION

**David A. Hodgen
in grateful appreciation for
over ten years of service to the Town of
Merrimack as its Administrative Assistant
December 5, 1977 - March 4, 1988**

Merrimack Town Warrant The State of New Hampshire

To the inhabitants of the Town of Merrimack in the County of Hillsborough in said state, qualified to vote in town affairs:

You are hereby notified that the annual meeting of the Town of Merrimack will be held at the Mastricola Middle School, All-Purpose Room, on Baboosic Lake Road in said Merrimack on Tuesday, May 10, 1988, at 8:00 o'clock in the forenoon for the choice of town officers elected by official ballot and other action required to be inserted on said official ballot. The polls for the election of town officers and other action required to be inserted on said ballot will open on said date at 8:00 o'clock in the forenoon and will not close earlier than 8:00 o'clock in the evening.

You are hereby notified that the second session of the annual meeting of the Town of Merrimack will be held at the Mastricola Middle School All-Purpose Room, on Baboosic Lake Road in said Merrimack on Thursday, May 12, 1988, at 7:30 o'clock in the evening to act on the matters not to be voted on by official ballot.

Article 1. To choose all necessary town officers for the ensuing year. (Vote by official ballot).

Article 2. To choose all necessary school district officers for the ensuing year. (Vote by official ballot).

Article 3. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 16 of the Town Zoning Ordinance, the Aquifer Conservation District by defining the boundaries of the Aquifer Conservation District according to a map prepared by the Town's consultants and further to divide the Aquifer Conservation District into three separate sub-districts in order to protect Aquifer primary recharge areas and the balance of the watershed. Further, this amendment will provide the definition of certain terms that will be applied throughout the balance of this ordinance. Certain uses will be permitted and prohibited in the three Aquifer Conservation District sub-areas?

Article 4. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 3.02.2 (a), (b) and (c) by redesignating certain slight limitation soils and moderate limitation soils as severe limitation soils. This amendment will designate certain very permeable soil types as less suited for development and the installation of on-site septic systems?

- Article 5. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.02.7.1, Section 2.02.7.2, Section 3.02.1.c, Section 3.02.2 by relabeling all of the existing soil symbols in said sections with new published soil symbols consistent with the most recent "Soil Survey of Hillsborough County, New Hampshire Eastern Part, published by the United States Department of Agriculture, Soil Conservation Service in cooperation with the New Hampshire Agricultural Experiment Station?"

- Article 6. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the town zoning ordinance and building code as follows:

Make various amendments and changes to multiple sections of the zoning ordinances as follows:

1. Amend Section 1.02 of the ordinance to define seasonal building or structure.
2. Amend Section 2.02.4.b.17 by identifying support uses in the Industrial District as support uses and not accessory uses.
3. Clarify that the regulations concerning the underground storage of petroleum do not refer to liquified petroleum gas.
4. Provide that home occupations must first receive permission from the Planning Board.
5. Amend Section 2.02.7.6 and alert persons seeking to redesignate certain soil types that there is a soils redefinition procedure policy that can be obtained from the Planning Department.
6. Clarify that uses in B and B-1 Limited and General Commercial Zone shall be set back 30 feet from the front line.
7. Amend Section 3.02 by referring to a procedure for handling multiple soils within a lot.
8. Amend Section 16.03 by stating that signs shall not be erected without first obtaining a building permit from the building official.
9. Add to Section 2.02.3 and state that accessory uses are permitted in the General Commercial District and by special exception.
10. Amend Section 2.02.4.c and Section 2.02.5.c to allow accessory uses by special exception in the industrial districts.
11. Amend the Flood Hazard Conservation District to provide that electrical, heating, plumbing and other im-

provements be installed to prevent water from accumulating within their components.

12. Amend Section 3.02.1.a.1 of the Residential Land Use District by clarifying that Aquifer areas and the recharge areas are to be protected from surface and ground water sewage.

13. Amend Section 11 of the Building Code to provide that signs hung over public property shall have public liability insurance in the amount of \$150,000.00 per person and \$500,000.00 per occurrence?

Article 7. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the town building code as follows:

Amend the building code to require automatic fire suppression and sprinkler systems in multiple family dwellings containing three or more units, in places of assembly and new mercantile, and business establishments?

Article 8. Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend the cluster development section of the ordinance, Section 3.07 to provide that common land areas in a cluster development shall not be considered for current use real estate taxation. Further, this proposal will require unit owners in a cluster development to own an undivided interest in the whole of the common area. Lastly, this proposal will require the proponent of the cluster development to pay for the cost of having various condominium documents reviewed by town counsel?

Article 9. Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.01.8, the Planned Residential District to include in the Planned Residential District a certain parcel of land known as tax map parcel 2B/30 located near Route 101A and Boston Post Road? (Disapproved by the Planning Board) (By petition)

Article 10. To see if the Town will vote to raise and appropriate the sum of five hundred twenty-five thousand dollars (\$525,000) for the purpose of constructing lateral sewerage lines to serve Sunrise Drive, Wallace Drive, Park Avenue, Sunset Boulevard and portions of JoEllen Drive and a sewerage inter-

ceptor line to serve portions of Wire Road and extend availability to Brickmill Park and to raise the same by issuance of bonds or serial notes in an amount not to exceed \$350,000 in accordance with the provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Revised Statutes Annotated 1970 and any amendments thereto) and by the use of the unexpended proceeds from sewer bonds issued under authority granted at the 1975 Town Meeting (Warrant Article 8) and to authorize the selectmen to issue and negotiate such bonds or notes, determine the rate of interest thereon and take such other actions as may be necessary to effectuate the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Merrimack and to authorize the selectmen to contract for and accept any grant or grants of federal, state or private aid that may become available in connection with the aforesaid purpose and pass any vote relating thereto. (Vote by ballot) (Recommended by the Budget Committee)

Article 11. To see if the town will vote to raise and appropriate the sum of thirteen thousand dollars (\$13,000) for the purposes of bond interest and bond registration fees, contingent upon the passage of Warrant Article 11. (Recommended by the Budget Committee)

Article 12. To see if the town will vote to raise and appropriate the sum of twelve million eight hundred forty-nine thousand seven hundred thirty-eight dollars (\$12,849,738) for general town operations as follows:

1. Town officers' salaries
2. Town officers' expenses
3. Election and registration expenses
4. Cemeteries
5. General Government buildings
6. Reappraisal of property
7. Planning and Zoning
8. Legal expenses
9. Advertising and regional associations
10. Police Department
11. Fire Department
12. Civil Defense
13. Building Inspection

 22. General welfare assistance
 23. Old age assistance
 24. Library
 25. Parks and Recreation
 26. Patriotic purposes
 27. Conservation Commission
 28. Health Department
 29. Principal-long-term bonds and notes
 30. Interest expense-long-term bonds and notes
 31. Interest expense-Tax Anticipation Notes
 32. Fiscal charges on debt
 33. Payments to capital reserve funds
 34. Hydrant rentals
 35. Sewer Department
 36. FICA, retirement and pension contributions
 37. Insurance
 38. Unemployment compensation
 39. General Fund Trust
 40. Employee Wellness program
 41. Capital outlay
- (See budget detail) (Recommended by the Budget Committee)

- Article 13. To see if the town will vote to raise and appropriate the sum of sixty thousand dollars (\$60,000) for the purpose of designing an action plan for improvements to Route 3, from Greeley Street north to Bedford Road, or act upon anything relative thereto. (Recommended by the Budget Committee)
- Article 14. To see if the town will vote to raise and appropriate the sum of one hundred thousand dollars (\$100,000) for the purpose of improving town-maintained storm water drainage systems, or act upon anything relative thereto. (Recommended by the Budget Committee)
- Article 15. To see if the town will vote to raise and appropriate the sum of two hundred three thousand dollars (\$203,000) for wastewater treatment facility improvements necessary to control sulfide generation in the sludge storage tanks and minimize the release of hydrogen sulfide gas in the sludge dewatering area and to authorize the withdrawal of said amount from the Sewer Fund surplus, or act upon anything relative thereto. (Recommended by the Budget Committee)
- Article 16. To see if the town will vote to raise and appropriate the sum of forty-two thousand dollars (\$42,000) for the purpose of making tennis court facility improvements, all contingent upon successful application by the town for and receipt of a matching twenty-one thousand dollars (\$21,000) amount from the

Federal Land and Water Conservation Fund, or act upon anything relative thereto. (Recommended by the Budget Committee)

Article 17. To see if the town will vote to require that all fees charged for the disposal of refuse under the Landfill Ordinance (Chapter 138 of the Town Code) be used solely for the operation and eventual closure of the Merrimack Sanitary Landfill, or act upon anything relative thereto.

Article 18. To see if the town will vote to amend the existing Landfill Ordinance found in Chapter 138 of the Code of the Town of Merrimack by deleting Section 138-4, Violations and Penalties, as presently written and adopt in lieu thereof the following:

Section 138-4. VIOLATIONS AND PENALTIES

Any person, firm or corporation violating any of the provisions of this ordinance, shall be guilty of a violation and upon conviction thereof, shall pay a civil fine of not more than FIVE HUNDRED (\$500) DOLLARS for each offense. Any penalties assessed shall enure to such uses as the Town of Merrimack may direct, pursuant to RSA 31:39 (III).

Article 19. To see if the town will authorize the selectmen to apply for, receive and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the town may legally appropriate money provided (1) that such grants and other monies do not require the expenditure of other town funds; (2) that a public hearing shall be held by the selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town monies, all as provided by RSA 31:95b.

Article 20. To see if the town will adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure. These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes. (By petition) (Vote by ballot)

Article 21. To see if the town will vote to have the 1988 income from the Library Unrestricted Trust Funds placed into the Library Trustees Special Account. (By petition)

- Article 22. To see if the town will vote to increase the size of the Board of Library Trustees from three (3) to five (5) members. Such trustees will serve staggered, three-year terms to become effective with the 1989 town elections. (By petition)
- Article 23. To see if the town will vote to authorize the selectmen, in accord with RSA 36-A:3, to appoint three alternate members to the town Conservation Commission.
- Article 24. To see if the town will vote to sell to Maurice Ouellette for the sum of twelve thousand dollars (\$12,000) and, upon such other terms and conditions as may be set by the Board of Selectmen, a portion of the former railroad bed, shown as part of Map 7A, Lot 9, on the Town of Merrimack tax maps, extending from Woodward Road to the boundary of the Merrimack Landfill property, or act upon anything relative thereto. (By petition)
- Article 25. To see if the town will vote to raise and appropriate the amount of seven thousand five hundred dollars (\$7,500) to be used by the Merrimack Senior Citizens Club for transportation, services, facilities and supplies to the benefit of the Seniors in the Town of Merrimack. (By petition). (Recommended by the Budge Committee)
- Article 26. To see if the town will vote to authorize the Board of Selectmen to enter into an agreement with the First Congregational Church of Merrimack, New Hampshire, which will give the Church the exclusive option to purchase the land and building shown on Plat #5D-3 and Lot #45-A which abuts the church and is currently being used by the senior citizens and other groups for social purposes; said option to be exercised by the church within a period of six months following an official vote of the town to sell said property and notification of same in writing to the church. (By petition)
- Article 27. To see if the town will vote to limit increases in account #01-15-8103 to ten percent for the 1988-89 budget year. This account encompasses professional salaries for the Merrimack Library budget, an autonomous agency from our local town government. The ten percent increase would be based upon the 1987-88 fiscal year professional salaries. (By petition) (Not recommended by the Budget Committee)
- Article 28. To see if the town will vote to adopt an ordinance to control containment and clean-up of hazardous materials in accordance with the provisions of RSA 31:39 and 41:11 as follows:

Ordinance

In accordance with the provisions of RSA 31:39 and 41:11, the Town of Merrimack hereby adopts the following ordinance to regulate and provide for the control, containment and clean-up of hazardous materials:

Section 1 - Purposes: To provide for the control and containment of hazardous materials and to require the users and suppliers or manufacturers of any hazardous materials to pay for all services provided by the town in relation to the control and containment of hazardous materials. The purpose of the ordinance is not to impose upon the town, or any of its officers and agents, any obligation to secure or remove any hazardous material from the town once safe containment of the material is made and that nothing in the ordinance is intended to relieve any owner or person in possession of hazardous material of any obligation imposed by state or federal law and specifically that nothing in the ordinance shall be deemed to permit the possession, storage, or use of hazardous materials except in conformance with all federal, state and local law.

Section 2 - Application: This ordinance shall apply to all incidents involving hazardous waste or hazardous materials within the boundaries of the Town of Merrimack and to all persons who may possess such materials found within the town except as prevailing state or federal laws or regulations may take precedence and control over any such incident or person.

Section 3 - Definitions: For purposes of this ordinance the following definitions apply:

Hazardous Materials - Those substances or materials in such quantity and form which may pose an unreasonable risk to health and safety or property, which may include but are not limited to explosives, radioactive materials, etiologic agents, flammable liquids or solids, combustible liquids or solids, poisons, oxidizing or corrosive materials, and compressed gases which are listed by the Materials Transportation Bureau of the United States Department of Transportation in Title 49 of the Code of Federal Regulations and any amendment thereto.

Person - Any individual, association, corporation, partnership, trust or other legal entity.

User - Any person who manufactures or transports or owns, uses, handles, stores, or has the legal authority to control hazardous materials, specifically including their officers, directors, employees and agents.

Section 4 - Duty to Report: Any user or transporter who causes or has knowledge of any discharge or release of hazardous materials under his control or supervision in any manner which poses an actual or potential threat to any person, animal, wildlife, vegetation, property or the environment, shall immediately report the incident to the Merrimack Fire Department and Merrimack Police Department.

Section 5 - Control, Containment and Clean-up: The Merrimack Fire Department and the Merrimack Police Department shall promptly respond to each reported incident and take such action as is necessary to protect public health, safety, property and the environment.

Section 6 - Clean-up: The user or transporter of a hazardous material which is intentionally or accidentally discharged or released within the Town of Merrimack shall, in addition to reporting the accident as required by Section 4, take immediate action to cause the discharge or release to be cleaned up in an environmentally safe, and scientifically sound manner and to restore the site and the surrounding environment at his own expense.

Section 7 - Costs: The user or transporter of the hazardous materials, which was discharged or released, shall be strictly liable to the Town of Merrimack for all costs incurred in the control, containment and clean up of the hazardous materials. For this purpose, each user and transporter shall be jointly and severally liable and the costs may be recovered from any of them by a suit in any court with jurisdiction over the parties and the amount claimed.

Section 8 - Intentional Discharge or Release: The intentional discharge or release of a hazardous material within the Town of Merrimack is strictly prohibited.

Section 9 - Penalties: Any person, firm or corporation found violating any of the provisions of this ordinance shall be guilty of a violation and, upon conviction thereof, shall pay a civil fine of not more than five hundred (\$500) dollars for each offense. Each 24-hour period that an incident is not reported shall constitute a separate offense. Any penalties assessed shall enure to such uses as the Town of Merrimack may direct, pursuant to RSA 31:39 (III). The penalties that may be assessed pursuant to this Section shall be deemed separate from and in addition to any costs that may be recovered by the Town of Merrimack pursuant to Section 7.

Section 10 - Use of Costs and Civil Forfeiture Collected: All costs and civil fines collected under this ordinance shall be placed in the General Fund to offset appropriations used in

the Control and Containment of a Hazardous Materials incident.

Section 11 - Enforcement:

(a) The Chief of Police of the Merrimack Police Department shall be responsible for enforcing this ordinance, with the exception of Section 7.

(b) The Town Manager shall be responsible for the assessment and collecting of costs as provided in Section 7.

Section 12 - Severability: If any section, provision or part of this ordinance should be held invalid for any reason whatsoever, such decision shall not affect the remaining portions, which shall remain in full force and effect; and, to this end, the provisions of this ordinance are severable.

Section 13 - Effective Date: This ordinance shall become effective upon passage.

Given under our hands and seals this 21st day of April in the year of Our Lord nineteen hundred and eighty-eight.

TOWN MANAGER'S REPORT

It is with a great deal of pleasure and a deep sense of pride that I offer my first annual report as Merrimack's Town Manager.

In general, my first six months have been spent in an educational and orientational mode. I have spent a great deal of time and energy trying to get to know the community, its wants, needs and priorities, while at the same time trying to let the community, public officials and employees get to know me a little better on a personal as well as a professional level.

Toward these ends, I have taken several actions which I hope will allow for the development of a realistic agenda of goals and objectives to be addressed over the short- and long-term of my administration. For example, in conjunction with the Planning Board, we are in the process of developing a Community Attitude Survey, identifying the wants and needs of the residents. The results of this survey will be very helpful to town officials in the allocation of resources, updating the town master plan and capital improvements program.

In order to increase public awareness within the town, we have published a series of articles in *The Village Crier* entitled "This Is Your Town" in order to give a better understanding of town government, its operations, who we are and what we do. The first Town of Merrimack Community Profile has been compiled and published and is available at the Town Hall.

One major priority/objective has been accomplished, and that is a six-year Capital Improvements Program which has been formulated and recently adopted by the Planning Board. This Program provides an overview of the community's development needs and provides a means of carrying out projects according to priorities commensurate with the town's ability to pay. It has a great importance as a planning tool, providing a blueprint for setting the fiscal pattern of the town for many years into the future.

Formation of the 1988/89 budget proposal has been an unusual but stimulating and rewarding experience, because it has required an almost commanding regard for the future and formulation of a policy statement which recognizes and addresses the town's needed improvements in problematic areas brought on by our rapid pace of growth and development.

Merrimack is a growing and still-developing community which finds itself in transition. For many decades the town of Merrimack was a rural, bedroom community with little industry of its own, whose residents commuted to the surrounding cities or nearby Massachusetts for work. Recently though, since the 1960's, Merrimack has developed into a formidable commercial center with more and more people commuting in than out to work.

Along with the recent increase in population and industry has come an increased demand in necessity for services and facilities. The town has developed an enviable balance between benefits and challenges that come with a growing community. This has not happened by chance, but rather through strong leadership on the part of your elected officials; a planning process which has been creative and far-sighted; and a dedicated and effective management team of administrators and staff. The town of Merrimack is recognized state-wide for its innovative and progressive approaches to problem solving. We have much for which to be proud and thankful.

I only made one promise when I accepted the position of Town Manager. That was that my administration would try to be as fair, equitable, and open as possible, and that decisions and recommendations would be made for the good of the community rather than to satisfy any special interest group. I take this opportunity to reaffirm this pledge and look forward to meeting and working with each of you in the months and years ahead.

In closing, I want to say if I or any members of my staff can be of assistance, please don't hesitate to contact our offices. I also want to take this opportunity to thank all the town officials, employees, and citizens of Merrimack for the outstanding cooperation and understanding that has been extended to me over this past year, and I solicit your cooperation in the future.

Respectfully submitted,
Daniel C. Ayer
Town Manager

**ANNUAL TOWN MEETING
TOWN OF MERRIMACK, NEW HAMPSHIRE
First Session
May 12, 1987**

Moderator John E. Lyons opened the polls for voting at the Mastricola Middle School, All-Purpose Room, on Baboosic Lake Road, Merrimack, New Hampshire, at 8:00 a.m. Moderator Lyons closed the polls at 8:00 p.m. The following were elected:

1. Selectman (3 years):

Antone S. Holevas

Trust Fund Trustee (3 years):

George M. Greenleaf

Library Trustee (3 years):

Carole N. Lavash

Budget Committee (3 years):

Patricia L. Daniels

William R. Cote

John E. Lyons

Stanley R. Heinrich

2. School Board Member and McGaw Trustee (3 years):

Eric W. Heilhecker

Planning and Building Committee (3 years):

Anne M. Dumka

Frederick L. Kennedy

Clerk (2 years):

Linda S. Murphy

The following amendments to the town zoning ordinances were acted upon:

3. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance as follows:

This amendment would designate certain duties to enforce and interpret the zoning ordinance and authorize the appointment of a Zoning Administrator to carry out those duties. This amendment would further clarify the duties and responsibilities of the Town Building Inspector and Town Zoning Administrator. Henceforth, the Zoning Administrator would administer and interpret the zoning ordinance and the Building Inspector would administer and enforce the building code. Both the Zoning Administrator and Building Inspector could take appropriate action to enforce the zoning ordinance? (Vote by official ballot.)

Yes 754

No 200

4. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Sections 3.07.8 and 14.03.1 of the zoning ordinance in order to clarify the requirement that cluster developments and Planned Unit Developments must be served by “public water” and “public sewer.” As amended, “public water” will mean the Merrimack Village District and “public sewer” will mean the Town of Merrimack and/or Nashua Waste Water Treatment Facilities? (Vote by official ballot.)

Yes 819

No 149

5. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the town building code as follows:

To amend Section 10.02 of the building code by adding a new section 119.1.1 to the BOCA Basic Building Code/1984 (Ninth Edition) concerning the issuance of occupancy permits. This new section will provide that before an occupancy permit can be issued for an apartment or condominium unit contained in a building, that building and the remaining units in that building shall have certain minimum work completed including sheetrock installed on all walls and partitions, floors ready for finish flooring, and all plumbing and electrical complete except for installation of finished fixtures? (Vote by official ballot.)

Yes 830

No 135

6. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Sections 9.01 and 9.02 of the ordinance to provide that those who violate the building code, zoning ordinance, non-residential site plan regulations or subdivision regulations, or an approved plan or the conditions thereof, shall be guilty of a violation and subject to pay a penalty of one hundred (\$100.00) dollars per day that such violation is found to have continued after conviction by the District Court or continues after receipt of notice to cease and desist from the town, whichever date is the earlier? (Vote by official ballot.)

Yes 748

No 209

7. Are you in favor of the adoption of the Amendment No. 5 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Section 10 entitled Building Code, by adopting the BOCA National Building Code, Tenth Edition, 1987; the BOCA National Plumbing Code, Seventh Edition, 1987; the BOCA National Mechanical Code, Sixth Edition, 1987; and the National Electrical Code (NFPA 70-1987) 1987 Edition, along with the currently adopted additions, insertions, deletions and changes to these codes. In addition, certain new additions, insertions, deletions and changes to these codes have been made including the adoption of new penalty provisions imposing fines of one hundred (\$100.00) dollars per day for each day of violation consistent with RSA 676:17. And, a new Section 10.04 has been added requiring that the bottom of septic system leach beds

be no less than four (4) feet above the seasonal high water table?
(Vote by official ballot.)

Yes 713

No 211

8. Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Section 2.01.6, Subsection 7, of the zoning ordinance in order to make the granting of variances for uses in the Flood Hazard Conservation District consistent with the standards for granting variances under other sections of the ordinance, specifically Section 7.09?
(Vote by official ballot.)

Yes 657

No 229

9. Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Section 1 of the zoning ordinance by adding certain new definitions for terms commonly used in the ordinance. New definitions have been added for the following terms: "Accessory use," "District or Zone," "District, Overlay," "Dwelling Unit," "Family," "Floor Area of Building," "Frontage," "Lot Frontage," "Lot Line, Rear," "Lot Depth," "Lot of Record," "Non-Conforming Lot," "Non-Conforming Use," "Parking Space, Off-Street," "Yard, Setback," "Yard, Front Setback," "Yard, Rear Setback," and "Yard, Side Setback?"
(Vote by official ballot.)

Yes 766

No 159

10. Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Section 2.02 of the ordinance by adding a new paragraph (2) prohibiting the underground storage of petroleum products, unless the proposed underground storage tank is constructed with suitable secondary barriers and alarm systems approved by the Planning Board?
(Vote by official ballot.)

Yes 835

No 120

11. Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the town zoning ordinance as follows:

To amend Section 2.02.3.1 of the ordinance by deleting the last two sentences of said section in order to make clear that Planned Unit Developments are not permitted in the General Commercial District?
(Vote by official ballot.)

Yes 774

No 150

12. Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the town zoning ordinance as follows:

Amend Section 2.01.8 of the zoning ordinance by providing for an additional Planned Residential District area on Tax Map parcels 4D/69, 77 and 78, generally located on Executive Park Drive. The location and boundaries of the area proposed is shown on the zoning map which is a part of the ordinance? (By petition) (Disapproved by the Planning Board) (Vote by official ballot.)

Yes 292

No 625

ANNUAL TOWN MEETING
TOWN OF MERRIMACK, NEW HAMPSHIRE
Second Session
May 14, 1987

The second session of the Annual Town Meeting convened at 7:35 p.m. at the Mastricola Middle School, Merrimack, New Hampshire, with Moderator John E. Lyons presiding. Moderator Lyons introduced Father Ed Richard of St. John Neumann's Church, who gave the invocation. The Pledge of Allegiance was led by the Moderator.

Moderator Lyons recognized Representative Dennis Fields, who along with other members of the legislative delegation and Senator Sheila Roberge, presented Firefighter Charles Smith, Police Officer Carl Scott, and Merrimack resident George Schwed, with plaques praising them for their efforts in rescuing a woman from a burning building in February of this year.

Moderator Lyons then relayed Mrs. Moriarty's appreciation for having the 1986 Town Report dedicated to her late husband, Fred Moriarty.

The Moderator announced the rules that would govern this town meeting; Chairman of the Board of Selectmen Robert W. Brundige introduced the members of the Board; and Acting Town Manager David A. Hodgen introduced the town's department and division heads. Moderator Lyons announced that Elaine Lyons, Henry Therrieault, Charles Nute and Bob Morrill had been appointed Assistant Moderators; he then proceeded to the warrant articles, noting that Articles 1 through 12 were acted upon on May 12, 1987.

ARTICLE 13. TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF ONE MILLION ONE HUNDRED THOUSAND DOLLARS (\$1,100,000.00) FOR THE PURPOSE OF RENOVATING THE OLD TOWN HALL AND MAKING OTHER IMPROVEMENTS AND ADDITIONS TO THE TOWN HALL COMPLEX, SAID SUM TO BE IN ADDITION TO ANY FEDERAL, STATE, LOCAL OR PRIVATE FUNDS MADE AVAILABLE THEREFOR, AND TO RAISE THE SAME BY THE ISSUANCE OF BONDS OR SERIAL NOTES IN ACCORDANCE WITH THE PROVISIONS OF THE MUNICIPAL FINANCE ACT (CHAPTER 33 OF THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED 1955 AND ANY AMENDMENTS THERETO) AND TO AUTHORIZE THE SELECTMEN TO ISSUE AND NEGOTIATE SUCH BONDS OR NOTES AND TO DETERMINE THE RATE OF INTEREST THEREON AND TO TAKE SUCH OTHER ACTIONS AS MAY BE NECESSARY TO EFFECTUATE THE ISSUANCE, NEGOTIATIONS, SALES AND DELIVERIES OF SUCH BONDS OR NOTES AS SHALL BE IN THE BEST INTEREST OF THE TOWN OF MERRIMACK, AND, FURTHER, TO AUTHORIZE THE SELECTMEN

TO CONTRACT FOR AND ACCEPT ANY GRANT OR GRANTS OF FEDERAL, STATE OR PRIVATE AID THAT MAY BECOME AVAILABLE IN CONNECTION WITH THE AFORESAID PURPOSE AND PASS ANY VOTE RELATING THERETO. (VOTE BY BALLOT) (RECOMMENDED BY THE BUDGET COMMITTEE)

A MOTION was made by Selectman Nancy R. Gagnon, seconded by Chairman Robert W. Brundige, to approve this article as read. Selectman Gagnon spoke to her motion, briefly describing the crowded conditions and the energy-inefficiency that exist at the town hall. She admitted that sufficient space was not planned for when the new town hall was built seven years ago, and urged the voters to support this article. Acting Town Manager David Hodgen gave a slide presentation, showing the present, crowded conditions at the town hall complex, and the plans for the proposed renovations. The architect for the proposed project, Jay Barrett of Fleck & Lewis, was present to answer questions. Mr. Hodgen stated that new construction would be cost prohibitive; besides, the old town hall building's structure is in good shape, and it is one of Merrimack's few examples of early architecture, although it is not listed on a historic register. Selectman Kathy L. Wales spoke in favor of the article, noting that the proposed renovations address the handicapped access improvements that the town must implement. School Board member Robert Mansperger asked what the statistics were relative to the town's population; rate of growth over the past seven years; and, as he was under the mistaken impression that the Town Engineer's position was to be eliminated, the result of a misleading handout at this town meeting, the reason why this position was going to be eliminated. Planning Director Charles Watson estimated that the town's population is about 20,000; that there has been approximately a 70% growth per year; and that the Town Engineer's position is not being eliminated; it is merely being shifted from the jurisdiction of the Public Works Department to the Planning and Zoning Department. In response to a question relative to alternatives to an elevator, David Hodgen stated that there are no good alternatives, but he would probably seek funding for a wheelchair lift. Discussion then centered around the proposed exterior design of the building. In response to a request for a consensus, the Moderator called for a show of hands relative to the exterior design of the proposed renovation; clearly, there were two-thirds of the voters in favor of the renovations but with a revised exterior design. Moderator Lyons announced that this article requires a two-thirds ballot vote. At 10:10 p.m. the polls opened for voting, and would remain open for one hour until 11:10 p.m. At 10:10 the Moderator also called a brief recess; town meeting reconvened at 10:35 p.m., the polls remained open, and action proceeded on Article 15, as Article 14 was contingent upon the passage of Article 13.

ARTICLE 15: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE SUCH SUMS OF MONIES AS MAY BE NECESSARY TO DEFRAY TOWN CHARGES FOR THE ENSUING YEAR.

1. TOWN OFFICERS' SALARIES

2. TOWN OFFICERS' EXPENSES
3. ELECTION AND REGISTRATION EXPENSES
4. CEMETERIES
5. GENERAL GOVERNMENT BUILDINGS
6. REAPPRAISAL OF PROPERTY
7. PLANNING AND ZONING
8. LEGAL EXPENSES
9. ADVERTISING AND REGIONAL ASSOCIATIONS
10. POLICE DEPARTMENT
11. FIRE DEPARTMENT
12. CIVIL DEFENSE
13. BUILDING INSPECTION
14. COMMUNICATIONS
15. MAINTENANCE OF HIGHWAYS, STREETS AND BRIDGES
16. GENERAL HIGHWAY DEPARTMENT EXPENSES
17. STREET LIGHTING
18. EQUIPMENT MAINTENANCE
19. SOLID WASTE DISPOSAL
20. AMBULANCES
21. ANIMAL CONTROL
22. GENERAL WELFARE ASSISTANCE
23. LIBRARY
24. PARKS AND RECREATION
25. PATRIOTIC PURPOSES
26. CONSERVATION COMMISSION
27. HEALTH DEPARTMENT
28. PRINCIPAL OF LONG-TERM BONDS AND NOTES
29. INTEREST EXPENSE-LONG TERM BONDS AND NOTES
30. INTEREST EXPENSE-TAX ANTICIPATION NOTES
31. PAYMENTS TO CAPITAL RESERVE FUNDS
32. PENNICHUCK WATER WORKS HYDRANT RENTALS
33. MUNICIPAL SEWER DEPARTMENT
34. FISCAL CHARGES ON DEBT
35. FICA, RETIREMENT AND PENSION CONTRIBUTIONS
36. INSURANCE
37. UNCLASSIFIED WAGE AND SALARY ADJUSTMENTS
38. UNEMPLOYMENT COMPENSATION
39. CAPITAL OUTLAY

(SEE BUDGET DETAIL) (RECOMMENDED BY THE BUDGET COMMITTEE)

A MOTION was made by Richard Dumont, Budget Committee Chairman, seconded by Robert W. Brundige, to approve Article 15 in the amount of eleven million, two hundred and ten thousand, seven hundred and eleven (\$11,210,711.00) dollars. Mr. Dumont stated that the Budget Committee recommends this budget figure, the result of numerous reviews and hearings. There was a MOTION TO AMEND by Charles Q. Hall, Fire Chief, seconded by Selectman Gagnon, to increase the Fire Department budget

by \$134,717.00, bringing the total Fire Department budget to \$1,269,767.00. Chief Hall explained that this increase is the result of an agreement with the Fire Fighters union. The Moderator called the question on the MOTION TO AMEND; MOTION CARRIED in the affirmative and was so declared. There was a MOTION TO AMEND by Tony Lewis, seconded by Stanley Heinrich to decrease Account #18-01-101-00, Town Officials salaries, from \$15,200.00 to \$11,400.00. Mr. Lewis spoke to his motion, noting that this action would decrease the bottom line of the budget by \$3,800.00. Speaking against this motion to amend were Selectmen Gagnon, Wales and Mackey; Representative Nancy Frank; and Budget Committee/School Board member Thomas Mahon. The Moderator called the question; MOTION TO AMEND FAILED. At 11:09 p.m., the Moderator called the question on the original motion, noting that the total budget figure now stands at eleven million, three hundred forty five thousand, four hundred and twenty eight (\$11,345,428.00) dollars. MOTION CARRIED in the affirmative and was so declared.

At 11:10 p.m., Moderator Lyons closed the polls and voting on Article 13 ended and counting began. The Moderator proceeded with action on Article 16.

ARTICLE 16. TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF EIGHTY THOUSAND DOLLARS (\$80,000.00) FOR THE PURPOSE OF CONTINUING FURTHER FIELD AND PARK DEVELOPMENT OF TOWN PROPERTIES, OR ACT UPON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE.)

A motion was made by Selectman Kathy L. Wales, seconded by Richard S. Dumont, that Article 16 be approved as read. Seletman Wales yielded the floor to Recreation Coordinator John Petz, who described the improvements that would be made to the MYA/Twin Bridges field area if this article is approved. Others speaking in favor of this article included Tom Dcdd, MYA President, Linda Theroux, Larry Demers, and Dick Desruisseaux. Budget Committee member Fred Kennedy spoke against the article, feeling that this request is the first of many to come from the MYA. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

Moderator Lyons at this point received the results of the voting on Article 13 and announced same: 107 - yes; 106 - no; MOTION FAILED.

At 11:42 p.m., Moderator Lyons called for a recess of this second session of Annual Town Meeting, and announced that Town Meeting will reconvene on Friday, May 15, 1987, at 7:30 p.m.

**ANNUAL TOWN MEETING
TOWN OF MERRIMACK, NEW HAMPSHIRE**

Third Session

May 15, 1987

The third session of the Annual Town Meeting convened at 7:36 p.m. at the Masticola Middle School, Merrimack, New Hampshire, with Moderator John E. Lyons presiding. Moderator Lyons advised the audience briefly of the rules governing this town meeting, and gave the floor to Chairman of the Board of Selectmen Robert W. Brundige. Chairman Brundige announced that the Board of Selectmen has decided not to reopen the budget for purposes of funding a wheelchair lift for the old town hall building; rather, the Board expects that it can find approximately \$15,000 in this year's surplus, which can be added to the \$12,000 in this year's budget already appropriated for handicapped improvements, this being necessitated by the failure of Article 13 at last evening's session of this Annual Town Meeting. Moderator Lyons then proceeded to Warrant Article 17.

ARTICLE 17. TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF FORTY TWO THOUSAND DOLLARS (\$42,000.00) FOR THE PURPOSE OF MAKING TENNIS COURT FACILITY IMPROVEMENTS, ALL CONTINGENT UPON SUCCESSFUL APPLICATION BY THE TOWN FOR AND RECEIPT OF A MATCHING TWENTY-ONE THOUSAND DOLLARS (\$21,000.00) AMOUNT FROM THE FEDERAL LAND AND WATER CONSERVATION FUND, OR ACT UPON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE).

There was a MOTION by Selectmen John T. Mackey, seconded by Richard S. Dumont, to approve this article as read. Selectman Mackey turned the floor over to Recreation Coordinator John Petz for the presentation. Mr. Petz explained that the town would be reimbursed in the amount of \$21,000 by the State, but that the entire amount was required to be appropriated at town meeting. The monies would be used for improvements to the tennis courts and lighting for them as well. Anita Memos spoke out strongly against this article, noting that the town has been involved in matching funds situations in the past, and that the requests for funds never seem to end. The Moderator announced that this article requires a two-thirds vote by secret ballot, and he opened the polls for voting at 7:55 p.m., and at the same time briefly recessed this meeting.

At 8:20 p.m., Moderator Lyons called this meeting back to order, and announced that the polls are not required to remain open for one hour, as Article 17 does not involve a bond issue; and that as it appeared that everyone who wished to vote had done so, the polls would now close and counting would begin. The Moderator then proceeded to the next article.

ARTICLE 18. TO SEE IF THE TOWN WILL VOTE TO AUTHORIZE THE WITHDRAWAL FROM THE FEDERAL REVENUE SHARING FUND FOR USE AS SETOFFS AGAINST BUDGETED APPROPRIATIONS IN THE AMOUNT INDICATED AND SET FORTH BELOW AND, FURTHER, TO AUTHORIZE THE BOARD OF SELECTMEN TO MAKE PRO RATA REDUCTIONS IN THE AMOUNT IF ENTITLEMENTS ARE REDUCED, OR TAKE ANY OTHER ACTION HEREON:

HIGHWAY DIVISION....25,000.00

(RECOMMENDED BY THE BUDGET COMMITTEE)

A MOTION was made by Selectmen Gagnon, seconded by Richard Dumont, to approve this article as read. Selectman Gagnon turned the floor over to Finance Administrator Robert T. Levan, for a brief explanation. Mr. Levan assured the voters that this article will not add to their property taxes; and in fact, it will help reduce them. Mr. Levan urged the townspeople to support this article. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 19: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) FOR THE PURPOSE OF CONDUCTING A TOWN-WIDE DRAINAGE STUDY, OR ACT UPON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE.)

A MOTION was made by Chairman of the Board of Selectmen Robert Brundige, and seconded by Selectman Kathy L. Wales, to approve this article as read. Chairman Brundige gave the floor to Director of Public Works Douglas H. Starr, who briefly described the benefits that this study will provide, not only for the Public Works Department, but the Planning and Zoning and Building Departments as well. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 20: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF TWENTY THOUSAND DOLLARS (\$20,000.00) FOR THE PURPOSE OF CONDUCTING AN ENGINEERING STUDY OF THE TOWN'S BRIDGES, OR ACT UPON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE.)

A MOTION was made by Selectman Wales, seconded by Chairman Brundige, to approve this article as read. Selectman Wales yielded the floor to Director of Public Works Douglas Starr for the explanation. Mr. Starr briefly explained the need for an outside professional's assessment of the condition of the town's bridges, adding that the town does have a bridge maintenance program for the basic maintenance needs of the town's bridges. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

At this point, Moderator Lyons received the results of the vote on Article 17, and announced that out of a total of 84 votes, 54 were yes and 30 were no. This article required a two-thirds vote; it was determined that

in order to pass, 56 votes in the affirmative were required; thus, the MOTION FAILED and was so declared.

ARTICLE 21: TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF TEN THOUSAND FIVE HUNDRED DOLLARS (\$10,500.00) FOR THE PURPOSE OF CONDUCTING A STUDY OF BABOOSIC LAKE IN COOPERATION WITH THE TOWN OF AMHERST, OR ACT UPON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE.)

A MOTION was made by Chairman of the Board of Selectmen Robert Brundige, seconded by Selectman Kathy L. Wales, to approve Article 21 as read. Chairman Brundige yielded the floor to Mr. Harry Hardin, President of the Baboosic Lake Association and resident of Amherst, who urged the townspeople of Merrimack to support this article. Chairman Brundige noted that this article was placed on the warrant at the request of the Town of Amherst in cooperation with the Town of Merrimack. Elaine Lyons spoke in favor of this article, in hopes that the engineering study will suggest some feasible solutions to the septic problems that are being experienced by residents on Baboosic Lake. Tony Lewis and Tom Mahon also spoke in favor of the article. Speaking in opposition to Article 21 was Diane Asai, citing the lack of public access to the lake by Merrimack residents. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 22: TO SEE IF THE TOWN WILL VOTE TO APPROPRIATE AND AUTHORIZE THE WITHDRAWAL FROM THE 1986/1987 FISCAL YEAR GENERAL FUND SURPLUS, THE SUM OF ONE HUNDRED TWENTY-FIVE THOUSAND DOLLARS (\$125,000.00) TO BE TRANSFERRED TO THE LANDFILL EQUIPMENT AND IMPROVEMENTS CAPITAL RESERVE FUND, OR ACT UPON ANYTHING RELATIVE THERETO. (RECOMMENDED BY THE BUDGET COMMITTEE.)

A MOTION was made by Selectman John T. Mackey, seconded by Selectman Kathy L. Wales, to approve this article as read. Selectman Mackey yielded the floor to Finance Administrator Robert T. Levan, who briefly explained that this sum is the result of the increase in landfill dumping fees, and that when the fees were increased last year, it was the intention of the town to use the revenues to prepare for the eventual closure of the landfill, the cost of which will probably be close to one million dollars. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 23: TO SEE IF THE TOWN WILL AUTHORIZE THE SELECTMEN TO APPLY FOR, RECEIVE AND EXPEND FEDERAL OR STATE GRANTS WHICH MAY BECOME AVAILABLE DURING THE COURSE OF THE YEAR, AND ALSO TO ACCEPT AND EXPEND MONEY FROM ANY OTHER GOVERNMENTAL UNIT OR PRIVATE SOURCE TO BE USED FOR PURPOSES FOR WHICH THE TOWN

MAY LEGALLY APPROPRIATE MONEY PROVIDED (1) THAT SUCH GRANTS AND OTHER MONIES DO NOT REQUIRE THE EXPENDITURE OF OTHER TOWN FUNDS; (2) THAT A PUBLIC HEARING SHALL BE HELD BY THE SELECTMEN PRIOR TO THE RECEIPT AND EXPENDITURE OF SUCH GRANTS AND MONIES AND (3) THAT SUCH ITEMS SHALL BE EXEMPT FROM ALL PROVISIONS OF RSA 32 RELATIVE TO LIMITATION AND EXPENDITURE OF TOWN MONIES, ALL AS PROVIDED BY RSA 31:95b.

A MOTION was made by Selectman Kathy L. Wales, seconded by Selectman John T. Mackey, to approve the article as read. Selectman Wales yielded the floor to Finance Administrator Robert T. Levan, who explained that the voters are asked to pass this article annually, so that any unanticipated funds can be expended by the town throughout the year. The question was called; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 24: TO SEE IF THE TOWN WILL VOTE TO HONOR JOSEPH A. MARTEL BY DEDICATING AND NAMING THE TURKEY HILL SOFTBALL FIELD THE JOSEPH A. MARTEL SOFTBALL FIELD.

A MOTION was made by Chairman Robert W. Brundige, seconded by Selectman Nancy R. Gagnon, to approve the article as read. Chairman Brundige spoke to his motion, explaining that several years ago, the town authorized Joe Martel to build a ballfield on Turkey Hill Road; the purpose of this warrant article is to show the town's appreciation for Mr. Martel's efforts. The Moderator called the question; MOTION CARRIED UNANIMOUSLY in the affirmative and was so declared.

ARTICLE 25: TO SEE IF THE TOWN WILL VOTE TO HAVE THE 1987 INCOME FROM THE LIBRARY UNRESTRICTED TRUST FUNDS PLACED INTO THE LIBRARY TRUSTEE'S SPECIAL ACCOUNT. (BY PETITION)

A MOTION was made by Selectman John T. Mackey, seconded by Thomas Mahon, to approve the article as read. Selectman Mackey spoke to his motion, stating that this is a routine housekeeping measure that allows the library trustees to spend the library income without charging it to their budget appropriations. The question was called; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 26: TO SEE IF THE TOWN WILL VOTE TO DISCONTINUE A PORTION OF AMHERST ROAD ADJACENT TO PROPERTY OF AMBROSE W. AND ALICE V. BROOKS: MEANING AND INTENDING TO DESCRIBE THE FORMER PORTION OF AMHERST ROAD AS IT EXISTED PRIOR TO THE REALIGNMENT OF THE CURVE AT THAT LOCATION AND, FURTHER, TO AUTHORIZE THE BOARD OF SELECTMEN TO CONVEY THIS PORTION OF SAID DISCONTINUED ROAD TO THE ABUTTING PROPERTY OWNERS TO ITS MIDLINE, OR ACT UPON ANYTHING RELATIVE THERETO.

A MOTION was made by Chairman Robert W. Brundige, and seconded by Selectman Nancy R. Gagnon, to approve this article as read. Chairman Brundige turned the floor over to Acting Town Manager David Hodgen, who explained that this portion of the road will revert back to the owners, the town will no longer be responsible for plowing it, and that this action was requested by Mrs. Alice Brooks. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

ARTICLE 27: TO SEE IF THE TOWN WILL VOTE TO SELL TO WALTER FARRINGTON, JR., FOR THE SUM OF NINE THOUSAND SIX HUNDRED DOLLARS (\$9,600.00) AND UPON SUCH OTHER TERMS AND CONDITIONS AS MAY BE SET BY THE BOARD OF SELECTMEN, A PORTION OF THE FORMER RAILROAD BED, SHOWN AS PART OF MAP 7A, LOT 9, ON THE TOWN OF MERRIMACK TAX MAPS, EXTENDING FROM WOODWARD ROAD TO THE BOUNDARY OF THE MERRIMACK LANDFILL PROPERTY, OR ACT UPON ANYTHING RELATIVE THERETO.

A MOTION was made by Selectman John T. Mackey, seconded by Chairman Robert W. Brundige, to approve this article as read. Selectman Mackey yielded the floor to Acting Town Manager David Hodgen, who explained that the town was approached by Mr. and Mrs. Farrington who wished to purchase this piece of effectively land-locked land, for the purpose of opening up approximately 17 acres of land which they will develop, one of the structures to be a house for themselves. This article was met with a great deal of opposition from the voters; those speaking against it included Larry Demers, Stanley Heinrich, Nelson Disco, Donald Courtemanche, Bill Cote, Bob Mansperger, and Tony Lewis. The general feeling was that \$9,600 was too little money for town land, which is scarce, and that the town should hold onto this land, and perhaps consider an easement for the Farringtons. The Moderator called the question; MOTION FAILED.

At this point, there being only one more article to act upon, Chairman Brundige took this opportunity to thank outgoing selectman John J. Grady for his years of service to the town.

ARTICLE 28: TO SEE IF THE TOWN WILL VOTE TO SELL GERALD PRUNIER FOR THE SUM OF TWO THOUSAND SIX HUNDRED TWELVE DOLLARS (\$2,612.00) AND UPON SUCH OTHER TERMS AND CONDITIONS AS MAY BE SET BY THE BOARD OF SELECTMEN, THE PROPERTY BOUNDED BY BEDFORD ROAD, DAVIS ROAD, WESTON ROAD AND THE F. E. EVERETT TURNPIKE, SHOWN AS MAP 6D, LOT 391, ON THE TOWN OF MERRIMACK TAX MAPS, FORMERLY OF FREEMAN PATTEN AND CONVEYED TO THE TOWN BY TAX COLLECTOR'S DEED ON MARCH 9, 1984, (BOOK 3136, PAGE 0041), WITH THE EXCEPTION OF THAT PORTION WHICH WILL BE RETAINED TO ACCOMMODATE THE CONSTRUCTION OF THE BEDFORD ROAD RAMP TO THE F. E. EVERETT TURNPIKE BY THE NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION, OR ACT ON ANY-

THING RELATIVE THERETO.

A MOTION was made by Selectman Kathy L. Wales, seconded by Selectman Nancy R. Gagnon, to approve the article as read. Selectman Wales yielded the floor to Acting Town Manager David Hodgen, who explained that the town obtained this land for approximately \$38 (tax deeded), as a result of a series of errors by the Bank of New Hampshire, the owners of the property. Mr. Hodgen further stated that the town would not have a strong case if this matter were to go to court, and that it is town counsel's recommendation that the matter be settled on town meeting floor. The Moderator called the question; MOTION CARRIED in the affirmative and was so declared.

Finance Adminstrator Robert Levan then provided the Moderator with the total budget figure as a result of town meeting action -- \$11,605,928.00.

At 9:40 p.m., there was a MOTION duly made and seconded, to adjourn this 1987 Town Meeting. The question was called; MOTION CARRIED in the affirmative and was so declared.

AUDITOR'S OPINION

Board of Selectmen and Town Manager
Town of Merrimack, New Hampshire

We have examined the general purpose financial statements of the Town of Merrimack, New Hampshire, as of and for the year ended June 30, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records as we considered necessary in the circumstances.

The general purpose financial statements referred to above do not include financial statements of the general fixed assets account group, which should be included to conform with generally accepted accounting principles. The amount which should be recorded in the general fixed assets account group is not known.

As described in Note 2, the Town has recognized tax revenues of \$216,847 in its General Fund which do not meet the sixty day received in cash requirements of the Governmental Accounting Standards Board. The Town believes, and we concur that application of this accounting principle which would reduce General Fund Balance from \$1,875,924 to \$1,659,077 gives a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the effect on the financial statements of the omission described in the second paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Merrimack, New Hampshire, at June 30, 1987, and the results of its operations and changes in financial position of its non-expendable and pension trust funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental and supplementary schedules are not a required part of the general purpose financial statements of the Town of Merrimack, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

August 21, 1987

TOWN OF MERRIMACK, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
June 30, 1987

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Merrimack, New Hampshire conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies:

A. BASIS OF PRESENTATION - FUND ACCOUNTING

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance/retained earnings, revenues, and expenditures/expenses. The various funds are summarized by type in the financial statements. The following fund types and account groups are used by the Town:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Town's governmental fund types.

GENERAL FUND - The General fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS - Special Revenue Funds are used to account for specific restricted revenues and expenditures. The Sewer Operating Fund, Library Fine Fund, Fire Protection Area Fund and the Federal Revenue Sharing Fund are accounted for as Special Revenue Funds.

CAPITAL PROJECTS FUNDS - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Town accounts for the following projects in its Capital Projects Funds:

- Sewer Line Extension Fund
- Incinerator Fund
- Veteran's Memorial Park Fund
- Road Pavement Management Fund
- Camp Sargent Road Fund

DEBT SERVICE FUND - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

FIDUCIARY FUND TYPES

Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, and other governmental units, and/or other funds.

TRUST FUNDS - Trust Funds include Expendable, Non-expendable and Pension Trust Funds. Expendable Trust Funds (Capital Reserve Funds, Insurance Trust Funds and Conservation Fund) are recorded as Governmental Type Funds. Non-expendable and Pension Trust Funds are accounted for and reported on an income determination format because capital maintenance is required by law.

AGENCY FUNDS - The Town collects taxes for Merrimack School District and Hillsborough County, both independent governmental units, which are remitted to them as required by law. These funds are accounted for as agency funds. The deferred compensation plan is accounted for as an agency fund. (See Note 1-F)

GENERAL FIXED ASSET ACCOUNT GROUP

The Town does not record the acquisition of fixed assets in the General Fixed Asset Account Group, as required by generally accepted accounting principles. Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made.

B. BASIS OF ACCOUNTING

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred, if measurable.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Town, therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are

virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Licenses and permits, charges for services, and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are measurable and available. (See Note 1)

The accrual basis of accounting is used by Fiduciary Fund types.

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying governmental and similar trust funds financial statements reflect such transactions as transfers. Non-expendable trust funds report these transactions as revenues and expenses.

C. BUDGET

The Town budget represents departmental appropriations as authorized by annual or special Town meetings. Funds may be transferred between operating categories. The Town adopts its budget under regulations of the New Hampshire Department of Revenue Administration which differ somewhat from generally accepted accounting principles. The budgets presented for reporting purposes have been reclassified to reflect as generally accepted accounting principles as follows:

Total per State regulation		\$11,169,401
Article 26, May 13, 1986 Town Meeting		<u>28,695</u>
Total Budget - Legal Basis		11,198,096
Add (Deduct):		
Timing Differences:		
Encumbrances & continued appropriations		
July 1, 1986		332,638
June 30, 1987		(943,923)
Perspective Differences:		
1986 Deficit Appropriation		(125,000)
Debt Service Fund		(463,725)
Capital Reserve Funds		<u>(5,100)</u>
General Fund	7,571,468	
Special Revenue Funds	<u>2,425,218</u>	
Total Budget - GAAP Basis	<u>\$9,992,986</u>	<u>\$9,992,986</u>

D. ENCUMBRANCES

Encumbrances accounting, under which purchase orders and other commitments for the expenditures of monies are recorded in order

to reserve a portion of the applicable appropriation, is employed as an extension of formal budgetary integration in Governmental Funds. Encumbrances outstanding at year end are reported as a component of fund balance since they do not constitute expenditures or liabilities.

E. CONTINUING APPROPRIATIONS

Appropriations for certain projects and specific items not fully expended at year end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are as follows:

General Fund:

Insurance coverage audit	\$2,715
Computer system	1,611
Sidewalk replacement	6,500
Communications repeater system	8,800
Hoist system/crane	4,900
Handicapped access	12,000
Improvements to tax collector's office	1,000
Adult community center	140,000
Code supplement	3,818
Street lighting	4,766
Town Hall additions	65,000
Severns Bridge replacement	71,048
Camp Sargent Road by-pass	300,000
Groundwater study	4,562
Air compressor	669
	<u>627,389</u>
Less: Revenues Not Susceptible To Accrual	<u>(71,048)</u>
Total General Fund	<u><u>\$556,341</u></u>

Special Revenue Funds:

Federal Revenue Sharing -	
Route 3/Baboosic Lake Road intersection	\$7,430
Sewer Fund - Trickling Filter	1,631
Clarifier	<u>212,796</u>
Total Special Revenue Funds	<u><u>\$221,857</u></u>

F. RETIREMENT PLANS

Substantially all full-time employees of the Police, Fire and Communications Departments participate in the State of New Hampshire Retirement System. Under this plan, participants contribute a percentage of annual compensation, which is fixed by law and dependent on age when contributions begin. The Town contribution rate for normal cost of the plan is based upon an actuarial

valuation of the State plan and has been set at 7.54% of compensation for Police and Communications personnel and 9.56% for Fire personnel.

For the year ended June 30, 1987, the normal cost of the plan to the Town was \$130,372. The amount, if any, of the excess vested benefits over pension fund assets is not available.

The Town has a non-contributory defined benefit pension plan for all non-union employees who are not a member of another retirement plan, who have completed a year of service, worked 1,000 or more hours in the plan year, and have attained the age of 21. Pension costs of \$43,200 include current service costs, which are accrued and funded on a current basis, and prior costs, which are amortized over ten years. The following is a summary of plan benefits and asset information for the year ended June 30, 1987:

Actuarial present value of accumulated plan benefits:

Vested	\$111,021
Non-vested	<u>70,068</u>
	<u>\$181,089</u>
Net assets available for benefits	<u>\$329,130</u>

An assumed annual rate of return of 7.5 percent was used to determine the actuarial present value of both vested and non-vested benefits. The actuarial benefits information was computed as of July 1, 1986.

The Town Manager, Administrative Assistant, Public Works Director and Town Clerk/Tax Collector participate in a separate deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits them to defer a portion of their salary which is not available to them until termination, retirement, death or unforeseen emergency. All amounts of compensation deferred under the plan and income attributable to those amounts remain property of the Town until made available to the covered employees. Participants rights are equal to those of general creditors of the Town. Plan assets are accounted for in the Deferred Compensation Agency Fund.

G. TOTAL COLUMNS ON COMBINED FINANCIAL STATEMENTS

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. The data is not comparable to a consolidation and interfund eliminations have not been made in the aggregation of the data.

H. INVESTMENTS

The Town's investment policy for Governmental Fund Types requires that deposits and investments be made in institutions that are participants in federal insurance programs. A maximum of \$2,000,000 may be invested without collateral in any one bank. An unsecured deposit or an investment of more than \$100,000 must meet criteria set by Town management regarding the bank's financial condition. Investments for Trust Funds are at the discretion of the Trustees of Trust Funds. At year end, the carrying amount of the Town's pooled deposits was \$1,111,403 and the bank balance was \$1,036,726. Of the bank balance \$100,000 was covered by federal depository insurance and \$936,726 was uninsured and uncollateralized. Pooled investments outstanding with carrying amount and market value of \$11,046,216 are classified by credit risk as follows:

1. Insured or registered, or securities held by the entity or its agent in the entity's name \$9,200,000
 2. Uninsured or unregistered with securities held by the counterparty's trust department or agent in the entity's name 1,846,216
- \$11,046,216

At year end, the carrying amount of the Town's other deposits and bank balance was \$972,522. Of this \$127,013 was covered by federal depository insurance and \$845,509 was uninsured and uncollateralized. Investments are recorded at cost. Market value of investments in the Non-expendable Trust Funds at June 30, 1987, was approximately \$1,072,077. Investments of the Non-expendable Trust Funds consist of \$538,362 in stock certificates and \$204,642 of certificates of deposit. The certificates of deposit are classified for credit risk as insured or registered, or securities held by the entity or its agent in the entity's name. Pension Trust Fund investments consist of unallocated insurance contracts with a carrying value of \$284,222. Deferred Compensation Fund investments of \$148,449 and Pension Trust Fund investments are held by the Town's agent and classified for credit risk as uninsured and unregistered investments not in the Town's name.

I. POOLED CASH

The Town has combined the cash resources of its governmental fund types for investment purposes. For accounting and reporting purposes, that portion of the pooled cash balance is reported in the specific fund. Investment earnings are allocated to each fund on the basis of average monthly balances.

2. PROPERTY TAXES

A. GENERAL

Taxes are levied on the assessed value of all taxable real property as of the prior April 1 (\$536,460,879 as of April 1, 1986) and

are due in two installments on July 1 and December 1. The Town bills and collects its own property taxes and also taxes for the Merrimack School District and Hillsborough County. Collections of the school and county taxes and remittance of them to these governments are accounted for in the Property Tax Agency Fund.

B. TAX REVENUE RECOGNITION

The Town has recorded deferred property tax revenues of \$9,198,288 due July 1, 1987, which is the first installment of 1987-88 taxes. The Town has accrued taxes of \$216,847 (net of allowances for estimated uncollectibles of \$12,078) in the General Fund which do not meet the susceptible to accrual criteria of Government Accounting Standards Board. The net effect of not recognizing the tax receivables would result in an unappropriated General Fund balance of \$1,043,777 and might mislead the user of these financial statements as to the Town's financial position.

C. TAX SALE

Under State law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale receives a priority tax lien on these properties and accrues interest at 18% per annum. If the property is not redeemed within a two year redemption period, the property is tax deeded to the purchaser.

3. LONG-TERM DEBT

The following is a summary of bond transactions for the Town for the year ended June 30, 1987:

	(000's <u>Omitted</u>)
Bonds payable at July 1, 1986	\$8,575
Bonds issued	3,300
Bonds retired	<u>(1,170)</u>
Bonds payable at June 30, 1987	<u>\$10,705</u>

Bonds payable at June 30, 1987, are comprised of the following individual issues. Under state law, all amounts were incurred as general obligation debt.

	(000's <u>Omitted</u>)
\$5,000,000 1968 State Guaranteed Sewer Serial Bonds due in annual installments of \$250,000 through September 1, 1988; interest at 3.9%. (This issue is partially funded by an annual grant from the State of New Hampshire)	\$ 500
\$5,000,000 1970 State Guaranteed Sewer Serial Bonds due in annual installments of \$250,000 through July 1, 1990; interest at 5.9%. (This issue is partially funded by an annual grant from the State of New Hampshire)	1,000

\$1,110,000 1975 Incinerator State Guaranteed Sewer Bonds due in annual installments of \$55,000 through September 1, 1995; interest at 6.5%. (This issue is wholly funded by an annual grant from the State of New Hampshire)	495
\$2,750,000 1977 State Guaranteed Sewer Lines Extension Bonds due in annual installments of \$150,000 through August 1, 1988 and \$125,000 through August 1, 1998; interest at 4.875%	1,400
\$500,000 1977 Library Bonds due in annual installments of \$50,000 through August 1, 1987; interest at 4.75%	50
\$2,250,000 1980 State Guaranteed Sewer Line Extension Bonds due in annual installments of \$115,000 through July 1, 1990, and \$110,000 through July 1, 2000; interest at 7.12%	1,560
\$3,000,000 1985 Road Improvement Bonds due in annual installments of \$300,000 through February 1, 1995 at 7.5% to 7.7%	2,400
\$3,300,000 1987 Road Improvement Bonds due in annual installments of \$330,000 through July 15, 1997 at 5.4% to 7.25%	3,300
	<u>\$10,705</u>

The annual requirements to amortize all debt outstanding as of June 30, 1987, including interest payments of \$3,509,841 are as follows:

Year Ending June 30	Total
1988	\$1,743,503
1989	2,012,370
1990	1,685,009
1991	1,611,554
1992	1,289,674
1993 - 1997	4,893,559
1998 - 2001	979,172
	<u>\$14,214,841</u>

The Town has Long-Term Debt authorized but unissued of \$2,600,000 as of June 30, 1987 for highway purposes

4. INTERFUND BALANCES

Fund	Interfund Receivables	Interfund Payables
General Fund	\$126,101	\$45,582
Trust and Agency Funds:		
Expendable Trust Funds	648	142,293
Non-expendable Trust Funds		742
Pension Trust Fund	44,934	
Special Revenue Funds:		
Sewer Operating Fund	16,934	
Total	<u>\$188,617</u>	<u>\$188,617</u>

5. NON-EXPENDABLE TRUST FUNDS

The principle amounts of all Non-expendable Trust Funds are restricted in that only income earned may be expended. Principal and income balances at June 30, 1987, were as follows:

	<u>Principal</u>	<u>Income</u>	<u>Total</u>
Fund A	\$214,105	\$ 48,118	\$262,223
Fund B	24,359	5,173	29,532
Fund C	286,953	54,592	341,545
Other Funds	<u>134,706</u>	<u>166,161</u>	<u>300,867</u>
	<u>\$660,123</u>	<u>\$274,044</u>	<u>\$934,167</u>

6. EXPENDABLE TRUST FUNDS

Expendable Trust Funds at June 30, 1987, are detailed as follows:

Landfill	\$219,911
Highway Equipment	36,242
Fire Equipment	128,071
Ambulance	50,240
Waste Water Treatment Plant	103,686
Conservation Trust	7,865
Property Reappraisal	107,228
Insurance Trust Funds	<u>26,757</u>
Total Expendable Trust Funds	<u>\$680,000</u>

7. LITIGATION

Town officials estimate that any potential claims against the Town which are not covered by insurance are immaterial. Certain tax assessments are the subject of appeal to the New Hampshire Board of Land and Tax Appeals. In the event that the Town's assessment was not upheld the amounts would be charged to operations in the year the decision is rendered.

- (1) The Town's portion of net project costs, including bond principal and interest, has been reimbursed by grants from Anheuser-Busch, Inc.
- (2) The related warrant articles specify that the Town Meeting authorization is to be in addition to any interest income and other local, state or federal funds made available for this project.

AUDITORS LETTER

October 30, 1987

Board of Selectmen and Town Manager
Town of Merrimack, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Merrimack, New Hampshire for the year ended June 30, 1987, and have issued our report thereon, dated August 21, 1987. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with procedures may deteriorate.

Such study and evaluation disclosed no conditions which we consider to be material weaknesses. The study and evaluation previously described was made primarily for the purpose of performing an audit in accordance with generally accepted auditing standards. It would not necessarily disclose all weaknesses in the system because it was based on selective tests of the accounting records and related data.

A letter of this type is critical by its nature. We found numerous examples of sound business management practices in the Town's systems. Generally the Town of Merrimack, New Hampshire has a system of internal accounting control which is adequate to its needs. The recommendations which follow concern strengthening the Town's management systems and were developed from our observations during the course of our work. They are not the result of any special study.

We would like to acknowledge the assistance extended to us by Town personnel at all levels during the course of our examination. We are available to discuss our comments further should you so desire.

Very truly yours,
Carey, Vachon &
Clukay, PC

October 20, 1987

PROCEDURES MANUAL

Observed Condition:

The Town does not employ a procedures manual for the accounting functions.

Implication:

The organization of the accounting functions in the Town of Merrimack were categorized for purposes of our study and evaluation as those under control of the finance office, the town clerk/tax collector office and other department heads. While we noted no material weakness in the system we believe that monitoring and evaluation in the absence of written standards can be imprecise.

Recommendation:

Town officials should consider identifying the need for an accounting procedures manual as part of their long range planning. As an interim measure we recommend that an informal, written description of accounting procedures be developed for those functions that are not under direct control of either the Finance Director or Town Clerk/Tax Collector.

Town Response:

It is recognized that a manual of accounting policies and procedures is important to internal control. However, since our accounting system is for the most part computerized, the adequate documentation of computer software, which is presently underway, should suffice until the recommended manual can be developed in the near future.

COMPUTER SYSTEM DOCUMENTATION

Observed Condition:

Documentation is incomplete with respect to the Town's computer systems.

Implication:

The absence of complete system DOCUMENTATION may make continuity of operations difficult should key employees not be available.

Recommendation:

As part of the transition to the new computer system which went on line July 1, 1987, Town officials should take steps to insure that all sub-systems are sufficiently documented.

Town Response:

Software documentation is a high-priority objective of the Finance Department and will be addressed during 1987-88.

PERFORMANCE BONDS

Observed Condition:

No formal interim reporting requirements exist for non-cash performance bonds.

Reason Improvement Needed:

The potential risk that a performance bond not be valid in the event it is needed is unnecessarily increased.

Recommendation:

We believe Town officials should implement procedures which will insure that performance bonds are reviewed by a responsible official on at least a quarterly basis.

Town Response:

A computerized performance bond accounting system has been established, and necessary internal controls will soon be in place to ensure timely receipt, review and renewal of valid performance bonds.

PURCHASING PROCEDURES

Observed Condition:

Purchase requisitioning, receiving and invoice forwarding are currently accomplished by individual department heads.

Reason Improvement Needed:

Internal control over the purchasing function may be weakened by individual department head involvement in multiple aspects of the purchasing system.

Recommendation:

We recommend that Town officials continue to analyze the costs vs. the benefits of restructuring the purchasing function.

Town Response:

Restructuring the purchasing function will require expansion of the Finance Department and/or establishment of a central purchasing department. These alternatives are being considered and, if feasible, will be addressed in the 1988-89 budget process.

FIXED ASSET ACCOUNTING

Observed Condition:

There is no accounting for the Town’s investment in general fixed assets.

Reason Improvement Needed:

Fixed asset accounting is useful for control of the assets, long range planning, and the insurance program. Possible future changes in accounting principles may require capital asset reporting.

Recommendation:

Town officials identified fixed asset accounting as part of their long range goals. We recommend that a review of the ranking of long-term priorities give strong consideration to the establishment of fixed asset records.

Town Response:

The establishment of a fixed asset accounting system is a high-priority objective of the Finance Department. It is anticipated that such a system will be in place by June 30, 1988.

TAX YEAR 1987

SELECTMEN'S ANNUAL REPORT

1987

This past year can best be characterized as busy, eventful, and productive. Many major projects have been completed and others were initiated during this past year.

In May, after a long and extensive recruitment and screening process, the Board of Selectmen appointed a new town manager, Daniel C. Ayer, to replace James A. McSweeney who resigned in November of 1986 to accept a position in the private sector.

The complexion of the town staff was changed further when David Hodgen, the town's long-time Administrative Assistant, tendered his resignation in February 1988, to accept a position with the City of Manchester. We want to thank him for the time, energy and dedication which he displayed during his ten years of service with the Town of Merrimack. David filled many roles in our times of need, i.e., Acting Director of Public Works, Acting Town Manager, and Administrative Assistant. He will be missed, and we wish him luck in all his future endeavors.

In other personnel-related matters, a reorganization of the Public Works Department has taken place; a new division was formed entitled Construction Services, resulting in many internal personnel changes, culminating in the naming of a new Assistant Director of Public Works, John Starkey; a new Highway Superintendent, Bruce Moreau; and new Highway and Landfill Foremen, Oscar Decato and George Thibeault. These changes have taken place in order to make for a more effective, efficient, and productive operation; also, to better protect and maintain our multi-million dollar investment in the town's highway transportation system.

In the area of public safety, ten new firefighters and two new police officers have been recruited, hired and trained. They have assumed regularly scheduled shifts as of January 1, 1988.

In June, renovations were completed at the South Merrimack Fire Station. These renovations, combined with the above-mentioned additional personnel have enabled us to implement 24-hour manning of the south end of town. In early December, the Fire Department took delivery of the eagerly-awaited new Kovatch pumper truck.

In the area of administrative services, a number of accomplishments need to be recognized. A new six-year capital improvement program was formulated and adopted. The Town of Merrimack Community Profile was compiled and printed. Considerable progress was made with Americable toward resolution of many logistical and administrative problems. Cable service has at long last been extended to many new areas within the town. Agreements were reached with the police union toward a new two-year contract; with the New Hampshire Court System for a long-term lease of court space in the old town hall; and with the Merrimack Youth Association and the Adult Community Center.

The town negotiated and awarded a contract in conjunction with the Town of Amherst to do a study of Baboosic Lake sewer alternatives. This study is ongoing at the present time. Other significant studies were initiated during this past year, covering the areas of drainage and bridges. The town was also awarded an energy grant to do an energy audit on the old town hall building.

The Board of Selectmen sponsored the second annual joint meeting of all town boards, committees and public officials. These meetings have proved to be very well received and productive in the past, and we will continue this practice in the future.

Progress continues to be made in upgrading and improving the town's highway system; the Turkey Hill Road project was completed in the spring of 1987, and the Naticook Road reconstruction project was substantially completed during this past construction season. In excess of one million dollars worth of pavement was put in place throughout the town over the past construction season. Engineering and design work was undertaken for Wire Road and Continental Boulevard reconstruction projects as part of the town's Roadway Pavement Management Program.

The State of New Hampshire has also advertised and awarded contracts for the reconstruction of that portion of Route 3 south of the Anheuser-Busch plant to the Nashua city line, and to relocate the toll plaza at Greeley Street. These projects will prove to be a big help in resolving some of our traffic problems. We have continued to work with the State Department of Transportation on several other important projects, namely the Industrial Interchange and Camp Sargent Road Bypass. It is our expectation that these contracts will be awarded in the summer and fall of 1989, respectively.

Progress has also been experienced in the area of capital projects. Two which are worthy of mention are additions to the new town hall, and handicapped accessibility to the old town hall. With completion of this work, we will take a large and positive step in addressing the town hall space needs and handicapped accessibility problems relating to restrooms and access to the second floor of the old town hall. The Adult Community Center expansion project is at long last under construction, and both of these projects are scheduled to be completed in the spring of 1988.

In October, the tax rate for 1987 was set at \$34.18 per \$1,000 by the Department of Revenue Administration. The rate was based on a total gross property tax of \$20,114,342 and a net assessed valuation of \$590,884,826. The town, school and county tax rates were \$7.42, \$23.77 and \$2.99 respectively.

The latest state population figures show Merrimack to be the fastest growing town in the state. We had an estimated population of 18,451 in 1985, jumping to over 20,000 (20,097) in 1986, an increase of almost 9%. Merrimack has experienced a 30.4% increase in population from 1980 to 1986.

Along with the recent increase in population and industrial growth has come an increased demand for services and facilities. The town has managed to develop a healthy balance between the benefits and challenges that have come with a growing community. The goal of town government, as stated in the 1982 Master Plan, has been to “maintain a well-planned, affordable, esthetically-pleasing community with a rural-residential atmosphere and open space uses, in a well-planned and managed, effective municipal and school government.” We continue to solicit your cooperation and support in order to meet these lofty goals in the future.

In closing, let us say that we are proud to have been associated with, and express our gratitude to the members of the town’s boards, commissions, committees, department and division heads, employees and their families, local churches, service organizations and citizens who have contributed to the operation of the town during the past year.

MERRIMACK BOARD OF SELECTMEN

DEPARTMENT OF PUBLIC WORKS 1987 ANNUAL REPORT

Douglas H. Starr, P.E.	Director
Ernest E. Jeffrey, P.E.	Town Engineer
John M. Starkey	Assistant Director/Highways & Construction
Larry R. Spencer	Assistant Director/Wastewater
Bruce W. Moreau	Highway Division Superintendent
Rossiter R. Holt, Jr.	Equipment Maintenance Superintendent

During 1987, the Department of Public Works continued to make significant progress in maintenance and construction programs while strengthening the organizational structure and improving the quality, efficiency, and accountability of services provided. The Department completed a planned reorganization of the Highway and Wastewater Divisions during the year which resulted in several promotions. All of the positions were filled internally which reflects directly on the quality of the Town's employees and there was no net increase in personnel.

John Starkey was promoted from the position of Highway Superintendent to the new position of Assistant Director of Public Works/Highways and Construction. In this position, John oversees the Highway, Construction Services, Equipment Maintenance, and Solid Waste Divisions. Long time employees Bruce Moreau and Oscar Decato were promoted to the positions of Highway Superintendent and Highway Foreman respectively. Boyd Trask and Gary Gage transferred from Highway as Foremen in the newly created Construction Services Division. George Thibeault transferred to Solid Waste Foreman.

Larry Spencer was promoted from Sewer Division Superintendent to the new position of Assistant Director of Public Works/Wastewater. In this position, Larry will continue to oversee the operations of the Wastewater and Compost Divisions. Jim Taylor was promoted to Chief Operator, Wayne Johnson to Assistant Chief Operator, and Roger Descoteaux to Industrial Wastewater Pretreatment Manager. Sharan Facteau was promoted to Laboratory Manager replacing long time employee Frank Schlenker who retired.

Significant accomplishments of the Department during 1987 were:

ENGINEERING

- Completion of engineering design for reconstruction of Wire Road between Turnpike overpass and Bedford Road. Included in the Roadway Pavement Management Program, reconstruction is scheduled for 1988 or 1989.
- Completion of engineering design for construction of lateral sanitary sewers for Dol Acres section of town, off Turkey Hill Road. Funding is from sewer line extension fund and scheduled for 1988 or 1989.
- Began field survey and engineering design of Continental Boulevard

and Meetinghouse Road for future reconstruction under Roadway Pavement Management Program.

- Began engineering study of town maintained bridges to identify bridges in need of future rehabilitation or reconstruction due to Town and State improvements to Merrimack's roadway system. Study scheduled for completion in Spring of 1988.
- Prepared scope of work for update of Town's Master Drainage Plan. Study scheduled for completion in summer of 1988.
- Engineering contract awarded and study initiated for closure plan at Town Landfill. Closure anticipated by 1994 with participation by Merrimack in Nashua Solid Waste District Mass Burn (Waste to Energy) Facility expected.
- Initiated pilot study of various intersection improvements throughout town evaluating safety and vehicular flow.
- Interfaced with N.H.D.O.T. on several projects located in or directly affecting Merrimack including: widening of Route 3 from Nashua line, 2.2 miles north; Industrial Interchange; removal of toll booths and Exit 11 improvements; Camp Sargent Road Bypass; Bedford Road Ramps; Circumferential Highway; Route 101A Corridor Study.
- Participated as technical advisor to Nashua Regional Planning Commission, Nashua Area Transportation System, and Nashua Solid Waste District.
- Participation as local coordinator for implementation of Community Right-To-Know Program, Title III of SARA (Superfund Amendments and Reauthorization Act).

HIGHWAY DIVISION

- Through the acquisition of the Town's first self-propelled street sweeper, completely cleaned all Town public roads.
- Implement pilot program of cracksealing on Joppa Road, Lawrence Road and Hillside Terrace.
- Implement pilot program of non paint reflectorized traffic intersection markings on Route #3 by the Commons.
- Completion of annual gravel roads maintenance program 18,835 s.y. of surface re-gravelled annually.
- Snow and ice removal, note January 1987 largest snow accumulations on record.
- Emergency repairs to Wire Road at Baboosic Brook following spring flooding on roadway.
- Completion of traffic painting double yellow centerline and white fog lines all major highways, arterial roads and collector streets.
- Maintenance Town owned cemeteries.
- Beaver/flooding control: White Pine Swamp, South Lake Road, Mitchell Street and Greespond Road.
- Cleaning/excavation of open drainage system ditches approximately ten (10) miles miscellaneous locations.
- Culvert replacement and addition: Olde Road, Hamlet Circle, West Chamberlain Road, Charles Road, Blood Road, Carter Road, Thomas

Road, Baboosic Lake Road, Mill Road, Lester Road and Tomahawk Drive.

- Roadside trash/litter pickup in conjunction with the Hillsborough County House of Correction.
- Cleaned existing storm water catch basins approximately 1,000 Town wide.
- Preparation and installation of Police Department Antenna Tower and Secure Compound facility.

CONSTRUCTION SERVICES DIVISION

- Substantial completion of reconstruction of Naticook Road between Amherst Road and Peaslee Road.
- Completion of new storm sewers on Baboosic Lake Road from Turnpike overpass to Joppa Road.
- Preparation of 100,000 square yards (7.5 miles) of local roads for future final/road seal. Work consisted of the placement of bituminous concrete pavement to level and restore road crown and eliminate surface defects and distortion.
- Final seal of 50,000 square yards of local roads using hot bituminous plant mix surface treatment.
- Recycling and manufacturing 20,000 cubic yards of broken roadway asphalt into a stabilized base material for future use as select material on Town road reconstruction projects.
- Resurfacing including shoulder improvements of Back River Road, Old Camp Sargent Road, Columbia Circle, Wright Avenue, sections of Baboosic Lake Road, Bedford Road, Naticook Road, Bean Road and Woodward Road.
- Construction review and inspection of Public Works' additions and improvements in over forty active private development locations to insure adherence to local, State and Federal Construction Guidelines and Specifications.

EQUIPMENT MAINTENANCE DIVISION

- Equipped, serviced, maintained and readied Town fleet of trucks, cars and equipment including the following departments: General Government, Assessing, Fire Department, Police Department, Ambulance, Public Works, Planning & Zoning, Parks and Recreation, Code Enforcement & Inspection, Health Department and Merrimack Village District.

SOLID WASTE DIVISION

- Site improvements; paved access road and gravelled public travel area.
- Received cover material salvaged from Naticook Road reconstruction project.
- Generation of internal quarterly reports which documented, identified/tracked increased volumes from both commercial and residential sources thus providing valuable data base to better address increased demands for service, future expansion, and ultimate closure.

BUILDING AND GROUNDS

- Awarded contract for an addition and modification to Adult Community Center. Estimated project completion in May, 1988.
- Awarded contract for additions to New Town Hall providing additional office space and handicap accessible bathrooms for Old Town Hall. Estimated project completion in June, 1988.
- Received Technical Assistance Report analyzing present energy usage and potential energy savings for Old Town Hall. This report was prepared in conjunction with the New Hampshire Local Government Energy Grant Program. Energy conservation measures are to be implemented in 1988/89 and will be fifty percent funded by the State.

WASTEWATER

- Construction and start-up of third Secondary Clarifier to enable Treatment Plant to operate at capacity of 5 million gallons per day while improving overall plant efficiency.
- Completed sulfide control study of sludge storage tanks. The study helped to develop a cost-effective program to control sulfide generation in the sludge storage tanks and minimize the release of sulfide gas in the sludge dewatering area.
- Through the efforts of the Industrial Wastewater Pretreatment Program, all industries in town have pretreatment systems on line and operational or will be in operation by the end of 1988.

COMPOST

- Completed Sludge Lagoon Compost Operation on West Road.
- Began consideration and technical evaluation of in-vessel composting. This modification of our current compost system, could potentially produce a high quality product available to Town residents and for marketing while allowing Town to meet stricter land use regulations in the future.

With a busy and productive 1987 behind us, the Department of Public Works is planning another active year for 1988 and the next several years with proactive maintenance programs and aggressive capital improvement program addressing the Town's infrastructure needs. There will continue to be a significant amount of construction activity in town whether local, state, or private. This department will continue to be visible in monitoring the state projects and inspecting private development. We will continue to develop our already outstanding corps of Town personnel through education and training, and to meet the everyday needs of our growing community.

Respectfully submitted,
Douglas H. Starr

**REPORT OF THE MERRIMACK POLICE DEPARTMENT
FOR 1987
YOUR POLICE DEPARTMENT**

To the Honorable Board of Selectmen and Citizens of the Town of Merrimack, I herewith submit my report for the period covering January 1, 1987 through December 31, 1987.

This report summarizes the increasing demand for service and other related services which your police department was involved in during 1987.

With the proper utilization of available resources we have met these needs.

We will continue to provide the necessary information which will contribute to the community's knowledge and understanding of the role of their police department.

We thank the Board of Selectmen, Town Manager, other departments within the Town and most of all the residents of Merrimack for their help and support during 1987 and ask for their help and support during 1988.

**REPORT OF
THE COMMUNICATIONS CENTER FOR 1987**

To the Honorable Board of Selectmen, the Town Manager, and the Citizens of the Town of Merrimack, I herewith submit my report for the Communications Center for the calendar year ending 31 December 1987.

MERRIMACK COMMUNICATIONS CENTER

Supervisor

Paul J. Bolieau

Dispatchers

Agnes Warrington

Carol Blanchette

Michele Gagne

Judith Smith

In Case of Emergency Dial: 424-2222

For Business Dial: 424-2378 or 424-3774

COMMUNICATIONS CENTER ACTIVITY DURING 1987

Telephone Calls Placed	11,702
Telephone Calls Received	62,018
Radio Transmissions	394,145
False Burglar Alarms	774
Good Morning Calls	3,735

The Communications Center is under the direction and control of your Chief of Police, Joseph R. Devine. Paul Bolieau has been assigned as Supervisor of the Center.

The Communications Center serves all Town departments, 24 hours a day, seven days a week.

As the above figures indicate 1987 was another busy year for the Communications Center with an average of 10% increase in all categories. Also in 1987 we installed a radio repeater system which at this time is just about completed and about to be put in service.

Your Communications Center personnel want to thank everyone for their cooperation and to the Board of Selectmen and Town Manager for their consideration and understanding.

Respectfully submitted,
Paul J. Bolieau
Communications Supervisor

MERRIMACK AMBULANCE RESCUE SERVICE

To the Honorable Board of Selectmen and the citizens of Merrimack,
I herewith submit my report for the year 1987.

Organization

Director	Norman Carr, PA-C
Ambulance Officer	Michael Barb, PA-C
Assistant Ambulance Officer	Richard Edmonds, EMT-A
Training Officer	Stanley Heinrich, EMT-D
Secretary/ P.I. Officer	Debra Wrobel, EMT-D

In 1987, your ambulance service responded to 850 requests for emergency medical aid. This represents a 5% increase over 1986 requests and continues the pattern of annual growth in services rendered. Of the total; 14% were for motor vehicle accidents with personal injuries, 16% were for injuries of other etiology, 32% were for persons with illnesses, 9% were for transportation between medical facilities, and 29% resulted in no transportation of patients although assesment and firt aid may have been rendered.

September 1987 marked the end of our first full year of 24 hour paramedic coverage and the advanced life support capabilities that we were able to provide full time. I am extremely happy to report that the goals of this expansion of services are being fully met. Our response time has been safely and consistently reduced to be within the critical 5 minute window on most calls. Mortality and morbidity of our patients has been reduced due to earlier intervention of advanced pre-hospital procedures. The need for support from fire department personnel and equipment has been reduced without compromising standards of emergency care. In fact, other communities with similar demographics have used our service as a model for their future planning.

An ambulance service is not equipment and special vehicles, but rather the individuals who train and use those tools. Merrimack can be particularly proud of the M.A.R.S. personnel who are your ambulance service. The dedicated volunteers who provide 70% of Merrimack's ambulance coverage maintain the highest levels of preparedness through regular training and certification and do so without recompense for their time and effort. The full-time town employees continually strive to provide emergency medical care and advanced life support above the national standard.

The financial and moral support of the M.A.R.S. Auxiliary as well as the operational support of your police and fire departments continue to play a major role in our ability to provide services and the M.A.R.S. membership remains extremely grateful.

ACTIVE M.A.R.S. MEMBERS
As of December 1987

Town Employees:

D. Bertrand, EMT-P
F. Dupuis, EMT-P

K. Galvin, EMT-D
D. Nickerson, EMT-P

Volunteers:

M. Ansdell, EMT-A
M. Barb, PA-C
L. Bellemore, EMT-D
J. Campbell, EMT-A
D. Carr, EMT-A
N. Carr, PA-C
E. Damon, EMT-I
P. Deane, EMT-D
R. Edmonds, EMT-A

S. Heinrich, EMT-D
W. Hicks, EMT-A
R. Leahy, EMT-A
W. Protas, EMT-D
J. Roberts, EMT-D
L. Wilkins, RN, EMT-D
D. Wrobel, EMT-D
Fr. Richard (Chaplain)
Rev. Polhemus (Chaplain)

Respectfully submitted,
Norman V. Carr, PA-C
Ambulance Director

MERRIMACK FIRE DEPARTMENT

To the Honorable Board of Selectmen and the
Citizens of the Town of Merrimack

I herewith submit my report for the Merrimack Fire Department for the period from January 1, 1987 through December 31, 1987.

1987 has been a year of change. We have started manning our South Merrimack Station with 24 hour coverage and already it has paid dividends with at least one good stop of a fire due to the quick response.

Again this year we have had a slight decrease in number of incidents. This is due to the full year of having 24 hour coverage by ambulance paramedics on our ambulance squad, thus reducing our medical runs.

The estimated dollar loss was down from 1986, by almost \$72,000. Again, credit goes to the Town's excellent code enforcement and quick response of our fire suppression forces.

We have taken delivery of our new pumper from Kovatch Mobile Equipment Co., a 1250 GPM pumper with 1000 gallons of water on board.

We have added ten new personnel to our ranks. This was to provide for shorter working hours and also increase our coverage. All of our new men have successfully passed the Certified Career Level test requirements and much of the credit goes to our fine Training Officer, Captain Young.

The upcoming year will see some additional changes in the form of minor adjustments to our structure of the Department. We also look forward to planning new facilities for the Department and being able to revamp our communications system.

I would like to thank all those who have been so helpful during 1987. The men and women of our department, the Merrimack Ambulance Rescue Service, the Merrimack Police Department, the School Department, the Department of Public Works, the Ladies Auxiliary, the Town Manager and staff in general government, the Board of Selectmen and most of all the citizens of the Town of Merrimack without whose support our job would be impossible.

Remember our motto -

Prevent Fires, Save Lives and Protect Property!

Respectfully submitted,
Charles Q. Hall, Chief
Merrimack Fire Department

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

HEALTH DEPARTMENT 1987 ANNUAL REPORT

The Health Department continues to respond to a wide variety of complaints and requests. Unpleasant odors, failed septic systems, and concerns regarding surface water, individual wells, and eating establishments constitute the majority of complaints and requests for investigations.

1987 saw the addition of another large super market in our community thus now numbering 3 super markets, several smaller markets/convenience stores, and numerous eating establishments.

During 1987 more than 90 Food Service Licenses were issued including about 9 for new establishments plus several other food places which changed ownership during the year.

As usual several day-care centers were inspected as part of the required re-licensing procedure by the state.

Several prospective foster homes were also visited to insure that they too meet all applicable standards.

Sincer thank yous are especially extended to Sally Raymond and Lena Cook whose efforts add greatly to the operation of the department.

Respectfully submitted,
Nancy E. Bailey
Health Officer

MERRIMACK VALLEY HOME HEALTH/VISITING NURSE ASSOCIATION, INC. 1987 ANNUAL REPORT

During 1987, 6,459 units of service were provided by Merrimack Valley Home Health/Visiting Nurse Association in Merrimack. We have continued to meet the home health needs of your community by offering registered nurses in 24 hour coverage, home health aides, physical therapy, occupational therapy, speech therapy and homemakers. We are also delighted to announce that a Companion Care Service will be available in March, 1988. This new program will allow us to give larger blocks of service time to patients who do not require skilled services. It is through United Way Funds and local support that we are able to initiate this much needed service.

Through our caring, personalized service, individuals are able to remain in their home and function at their optimum level of independence.

The Merrimack Valley Home Health/VNA Board of Directors has been extremely instrumental in bringing quality service and expanded programs to Merrimack. The Board members who represented Merrimack were Eda Azzali, Marcia Bradley, Effie Hall and Mina Kerr.

REPORT OF THE TRUSTEES OF THE MERRIMACK PUBLIC LIBRARY 1987

The Merrimack Public Library Trustees are happy to report that, because of past generosity on the part of taxpayers and because of good planning of directors and trustees through the years, the library staff, collections, and facility are in excellent shape.

Repair of the front sidewalk has finally been achieved, progress towards automation is on target, and the theft detection system is in place and working well.

This year the trustees established a formal Library Planning Committee as part of their effort to plan for future growth and in order to satisfy the final requirement needed to reach the third and highest level of the State Library's certification program.

Composed of Trustees, the Library Director, staff members, and volunteers from the public, this committee analyzed how the library is meeting the needs of its patrons and explored ways to meet these needs as the town continues to grow. A major decision made was that the Primary goals to be emphasized would be those of Popular Materials Library and Preschool Door to Learning, with secondary focus on the goals of Reference Library and Formal Education Support Center.

In other work done by this committee, an in-house survey was written and studied by the members this winter. Completed by many users of all ages, this survey established that users were extremely happy with the staff and generally pleased with the programs and materials available.

Requests for more programs and future space needs of our library will be addressed in a planning document which will be completed this spring as a result of the work done by the Planning Committee. One decision already made by the Trustees based on these results will be to add four hours of service on Saturdays during the summer rather than to close the library all weekend as has been done in the past. They will also try to deal with parking problems in the near future.

Another decision made by the Trustees is to expand the board next year from three to five members so that more people can share their talents and help with the work load. We ask your support for this warrant article at town meeting this year.

On a sad note, the Trustees, staff, Friends of the Library, and many patrons will miss long-time library activist Louise Klumpp because of her decision to move out of Merrimack. We were pleased that we had the opportunity to honor her last spring for her long and loyal dedication to the Merrimack Public Library, and we wish her well in her future endeavors.

The Trustees would like to thank everyone who shared on the planning committee and all the individuals and organizations who have volunteered their time and made donations to the Merrimack Public Library this year.

Also to be thanked are Bob Kelley for his service to the library in the past, Carole Lavash for her hard work this year as the new Trustee, and Harold Thresher. His commitment to the town of Merrimack and his unique and well-expressed point of view will be missed as he retires from the board this year.

Sincerely,
Ellen C. Dube, Secretary
Carole Lavash, Secretary
Harold Thresher, Treasurer

REPORT OF THE MERRIMACK PUBLIC LIBRARY

1987

The Merrimack Public Library continued to grow in scope, collection and services in 1987. Our many regular library users know that we offer far more than just books. We hope to “convert” many non-library users into “believers” in libraries in the year to come.

We added 1,514 new library users in 1987, and have added a total of 3,265 new users in the past two years alone. A total of 6,391 children attended our children’s programs in 1987, and 110 children completed our annual summer reading program. Over 1,700 reference questions were answered, and 513 books were borrowed from other libraries for use by our patrons.

Through all of this, the library’s staff continued to be one of its greatest assets. I am not only proud of my staff, but am also grateful for their good work. Our hours are intended to be convenient for you, our users, and are: Monday - Thursday 9-9, and Friday, Saturday 9-5.

Our primary emphasis in the coming year will continue to be library automation. On-line circulation and an on-line card catalog will provide faster, better service to all library users. Our library is an active member of GMILCS, the Greater Manchester Interlibrary Cooperative System, which is part of the larger NHAIS, the New Hampshire Automated Information System. This is an exciting, sometimes overwhelming step for our library to be taking. Our strong interlibrary cooperation makes a project like this economically feasible and useful to a number of libraries.

We are grateful for the town’s support, and look forward to providing even better service in the year to come.

Respectfully submitted,
Margaret E. Marshall

MERRIMACK CONSERVATION COMMISSION ANNUAL REPORT

In 1987 the Commission continued to monitor those land use practices that affect both the wetlands and water bodies within the Town. This effort was accomplished by on-site review, on behalf of the State Wetlands Board, of formal Dredge and Fill Permit Applications and providing advice to residents and developers contemplating projects involving wetlands. Of the 15 applications received, the Commission recommended approval of three applications, approval with conditions of eleven, denial of one, and amendment of one application which had been approved earlier in the year. Final permit decisions of the New Hampshire Wetlands Board paralleled the Commission's recommendations for each application. On-site review by Commission members of each application, plus timely detailed submissions, has resulted in an improved coordination and cooperation effort with the Board.

The Commission has continued with its support for the University of New Hampshire's Lay Lake Monitoring Program. This program provides technical training to lay persons in conducting basic water quality monitoring on Baboosic Lake and Naticook Lake. Data collected by these participants is collected and analyzed by University personnel and a yearly report is provided for the Town's benefit.

In a continuing effort to bring together all Town Boards, Commissions and Committees, the Board of Selectmen sponsored in October a second joint meeting to discuss issues and concerns pertinent to their respective interests. This year the Commission discussed the lack of available land within the Town for various proposed or future uses. This seemed to be a mutual concern of all participants.

During the year, the Commission responded to several resource-related issues and problems including "nuisance wildlife," illegal dumping, illegal wetland fills, and possible water pollution. Advice was given by the Commission on several proposals which would have impacted wetlands. By responding to these proposals early in the planning process, Dredge and Fill Applications were reduced saving considerable time and effort on the part of both the applicant and Town Boards and/or Committees.

This year, the Commission continued its effort to bring attention to the resource and recreation values of the Merrimack River. Two canoeing events were sponsored, a spring trip to celebrate National Rivers Month and a fall foliage trip in October. Commission members also participated with the local chapter of the Merrimack River Watershed Council in promoting Merrimack River issues.

Again this year the Commission sponsored a local High School student at the Society for the Protection of New Hampshire Forests' Natural Resources Camp. John Gibson of Baboosic Lake Road was selected as this year's representative. The camp is designed to provide an introduction to

those students contemplating natural resource careers.

The Commission also has the responsibility for protecting and retaining in their natural state a variety of Town parcels. The largest of these is the 80-acre tract known as The Falls of the Souhegan Conservation Area. This beautiful natural area can be enjoyed by the public during daylight hours by parking at the gate located at the end of Currier Road. A trail starting at the gate leads directly to the river. By proceeding downstream a short distance along a narrow trail, a visitor can view Wildcat Falls, one of only a few located along the Souhegan River.

Our seven member Commission meets on the second and fourth Tuesday of each month in the Ambulance Barn located adjacent to the old Town Hall.

Members of the Conservation Commission and the expiration date of their terms are as follows:

Walter Quist, Chairman	June 1990
Cathy Cowern	February 1990
Cathy Doyle	April 1990
Brenda Grady	August 1988
Elizabeth Hummel	April 1988
Ted Parmenter	September 1990

ANNUAL REPORT OF THE NASHUA REGIONAL PLANNING COMMISSION TO THE TOWN OF MERRIMACK, NEW HAMPSHIRE

We are pleased to report that 1987 has been a year of major accomplishment for the Nashua Regional Planning Commission, with significant progress made on numerous regional and local projects. The NRPC is a cooperative venture of twelve local governments in the Nashua Area which is supported, in part, by funding from each member community's dues. We perform long range transportation planning for the region, assist each town in its local planning and zoning efforts and develop plans and programs for the solution of regional problems such as solid waste disposal and water quality protection.

Perhaps the most significant regional accomplishment over the past year has been the completion of the Regional Aquifer Delineation Study, conducted by the U.S. Geological Survey. The final report and maps were released at a press conference at the NRPC offices in November, followed by NRPC-sponsored workshops explaining how this \$250,000 Study provides our communities with aquifer maps upon which legally-defensible aquifer protection regulations can be based. Due to the efforts of the Nashua Regional Planning Commission, which coordinated funding and support for this project, our region is the first part of New Hampshire to be mapped.

As we all know, transportation is a major problem in the Nashua Area and the NRPC is striving to improve traffic conditions and transportation opportunities for our region's residents. Notable accomplishments include the Transportation Improvement Program (TIP) which provides a ranked list of transportation improvement projects. Many of these projects, such as the Hudson Circumferential Highway, widening of the F. E. Everett Turnpike and construction of new highway interchanges are included in the Governor's Ten Year Highway Plan and scheduled for construction in the near future. We have also been active in encouraging the State to keep our project on schedule and to address concerns raised by our communities. For example, the NRPC sponsored a meeting of State and local officials to discuss the location of toll booths along the Circumferential Highway. We were also successful in convincing the State to expand the Route 101A Bypass Study Steering Committee to include local elected officials to ensure local input throughout the corridor selection process. Furthermore, the Commission has aided several towns in determining traffic impacts associated with proposed developments via our traffic impact review service and has established a regional traffic count system to provide reliable trend data for traffic studies in our region. In an effort to improve our total transportation system, the NRPC continued to provide transit planning services and, in concert with the Chamber of Commerce and City of Nashua, we have initiated a feasibility study of extending passenger rail service between Nashua and Boston.

In response to inquiries from several communities, the Commission is in the process of writing an Impact Fee Handbook under contract with the Office of State Planning. This handbook covers legal issues, methodologies for developing a reasonable and legally-defensible impact fee system, sample ordinances and issues associated with town administration.

As you might expect, the NRPC is inundated with requests for data about the Nashua Region. The Economic Profile, which was last prepared in 1981, has been rewritten and updated to include commonly requested information and help reduce staff time consumed by data research. In addition, computer science graduate students at Rivier College prepared a Program Plan and Software Product Performance Specification for our Regional Data Center which we hope to establish during the coming year as a public/private partnership.

The Merrimack River is one of our region's most important natural, scenic and recreational assets. As a follow-up to hearings sponsored by the Commission last year, the NRPC is conducting a detailed parcel-by-parcel analysis of land use, ownership and natural resources. We seek to identify parcels which could provide public access and park land and are reviewing the consistency of local master plans and land use regulations in the four communities bordering the river.

In an effort to help protect and enhance our region's historic resources, the NRPC has established an historic preservation program and has hired a part-time historic preservation specialist. This service is available on a 50/50 matching basis to assist communities with historic resource inventories, creation of local historic districts, National Register Nominations and preparation of historic preservation chapters for town master plans.

The NRPC is very enthusiastic about the prospects for a geographic information system (computer-based mapping) for the region and state as a whole. Commission staff attended an intensive training program at UNH on the use of new GIS software for microcomputers and recently conducted a survey and analysis of potential public and private sector users who could share the costs and benefits of a geographic information system in our region.

The Nashua Region Solid Waste Planning District continues to move closer to resolution of solid waste issues and a feasibility study for a waste-to-energy plant in Nashua has been completed. Using some of the data and analysis contained in this study, the NRPC completed and updated the Regional Solid Waste District Management Plan and after extensive nationwide research, prepared a Regional Recycling Plan. The Solid Waste District and NRPC also sponsored two successful Household Hazardous Waste Collection Days at four different sites in the region to help increase public awareness and provide a means by which residents can dispose of hazardous wastes properly.

This has been a frustrating year for septage planning in the Nashua Area. On the positive side we have secured funding for the construction

of a facility to treat septage from the four towns of the Souhegan Landfill District. State and Federal funds earmarked for the project stand at \$495,000. However, the reversal by the present Board of Selectmen of Milford of the previous Milford commitment to allow the Souhegan Landfill District towns to use their grant and other monies to finance an expansion of the Milford Waste Water Treatment Plant has left towns with a grant but no place to use it. Efforts are underway to decide upon an alternative strategy, insure that the Federal and State grant is not lost, and to finally fulfill the septage treatment obligation of the four towns under State law.

The Commission also provides direct technical assistance to the Town of Merrimack. For example, the NRPC prepared a Parks and Recreation Development Plan for the Town Manager, researched model heliport, parking and shoreline regulations for the Planning Director and reviewed a dozen traffic impact statements and three fiscal impact studies for the Planning Board to ensure that Merrimack's needs are properly addressed.

The Nashua Regional Planning Commission looks forward to working with the Town of Merrimack during the coming year; please contact us whenever we can be of assistance as we seek to address the complex issues facing our communities.

1987 ANNUAL REPORT OF THE MERRIMACK PLANNING BOARD

The Merrimack Planning Board held 44 publicly advertised meetings during 1987, for a total of 202 individual public hearings. Of these, there were 30 conceptual discussions; 14 involved residential subdivisions and 16 involved commercial/industrial projects. Final action was taken on 38 residential subdivisions and 47 commercial/industrial projects. The Board held 39 hearings on such long-range planning items as the Capital Improvements Program, aquifers, soils, Route 3, the Comprehensive Plan, the departmental budget, Subdivision Regulation and associated fees, and Zoning Ordinance changes and interpretations. The Board held 48 hearings involving administrative matters, litigation, public utilities, home occupations, and the annual reorganization meeting.

These actions resulted in approval for 152 conventional subdivision lots, 38 cluster development lots, and 111 multi-family dwelling units. Also approved were 36 non-residential site plans of which 4 were for home occupations. These include the following major developments: Souhegan Woods, a 74 lot subdivision, Windover Landing, a 38 lot cluster development, Society Hill II, a 111 dwelling unit addition to an existing Planned Unit Development, a function center, a greenhouse and shops, a new McDonald's, a wood fabrication facility, and a 96 unit elderly housing development.

The Planning Board took action on five major long-range planning concerns. It analyzed and presented to the Town a six-year budget proposal for the Capital Improvement Program. It developed a Request For Proposal for an Action Plan for Route 3 improvements, and expects responses from several consultants for a design proposal to be submitted in early 1988. The Board presented 10 proposals for changes to the Zoning Ordinance which were acted upon at Town Meeting; these included separation of the duties of the Building Official and the Zoning Administrator, clarifying use of public sewer and water in Cluster and Planned Unit Developments, conditions under which Certificates of Occupancy are issued, penalties for zoning & building violations, adoption of the 1987 BOCA Building Code, Plumbing Code, Mechanical Code, and the National Electric Code. The Board also presented definitions of commonly used words from the Zoning Ordinance, amended the Flood Hazard Conservation District, offered restrictions on the subsurface storage of petroleum, and made some language clarifications. Fourth, the Board received the long awaited UA Geological Survey aquifer maps, and it has proceeded again with the Whitman & Howard, Inc. plans to modify aquifer protection regulations for the Town. And finally, the Board has requested proposals for the updating of the 1982 Comprehensive Plan, and anticipates action in 1988.

The Planning Board continued to work with the NH Department of Transportation, the Legislative Delegation, and the Board of Selectmen and other Town groups for the fruitful completion of several major highway improvements. A contract is scheduled to be let in early 1988 for the construction of the new toll booth facility in Bedford and this should be operational by January 1, 1989. A contract was awarded in late 1987 for reconstruction of U.S. Route 3 between Pennichuck Brook and the Anheuser Busch property in Merrimack. The dismantling of the Exit 11 toll plaza is scheduled to begin in late 1988 and be complete in 1989. Actual Exit 11 reconstruction is scheduled to commence in 1989 and continue into 1990, and is due to be operational by early 1991. The scheduled dates for advertising for the remaining highway projects are as follows: the Industrial Interchange in April 1988, the Camp Sargent Road Bypass in September 1988, the Bedford Road Ramps in April 1989, and the northern terminus of the Circumferential Highway in 1992.

Ms. Kathy Wales continued in her appointment as the Selectmen's representative to the Planning Board; Mr. Nelson Disco and Mr. Arthur Gagnon were both reappointed for three-year terms. Mr. David Doyle was appointed to the Board for a three-year term following the resignation of Mr. Scott Walsh. The Board thanks Mr. Walsh for his years of service to the Town. Mr. Nelson Disco was re-elected Chairman and Mr. John Segedy was re-elected Secretary at the annual reorganization meeting of the Board which took place on May 19, 1987.

The Planning Board wishes to thank its staff, Charles Watson, Planning Director, Jean Weston and Mary Bennett, secretaries to the Board.

Respectfully submitted
Nelson R. Disco, Chairman

Members of the Board	Expiration Date of Term
Nelson R. Disco, Chairman	April 1990
John J. Segedy, Secretary	April 1989
Arthur L. Gagnon	April 1990
Maurice P. Lindsay	April 1988
David P. Doyle	April 1990
Charles M. Nute	April 1988
Kathy L. Wales	May 1988

ASSESSING DEPARTMENT

The Assessing Department will be preparing to interview prospective revaluation companies to perform our up-coming equalization program.

Funds for the Program were approved at the 1985 town meeting. Upon completion of this project all property values will be at TRUE MARKET VALUE as of April 1, 1989.

Your cooperation with the valuation team when the field inspections starts this summer will be truly appreciated.

The Assessing Department is continuing to witness building growth with market value increases.

The Assessing Department has developed a new ADJUSTED ELDERLY EXEMPTION ELIGIBILITY FORM. This application form was sent to all homeowners who had previously qualified for an elderly exemption in the past.

The STATE STATUTE requires a yearly review of all applicants for ELDERLY EXEMPTION.

Should there be any questions concerning the Eligibility Form, please contact the Assessor's Office either in person, by a friend or by telephone. The Assessing Office will be glad to assist anyone needing assistance.

The staff of Anne L. Whitney, Jean H. Geiger and Barbara A. Condon are keeping abreast of the communities growth and continue to serve all Merrimack's citizens in a friendly and courteous manner.

Respectfully submitted,
Dominic S. D'Antoni
Assessor

ZONING BOARD OF ADJUSTMENT 1987 ANNUAL REPORT

The Merrimack Zoning Board of Adjustment held fifteen hearings in 1987 to consider and act upon eighty-two petitions for variances, special exceptions and appeals. This level of activity compared with 1986 indicates that 1987 continued to reflect the town's growth.

Membership of the Board was altered by Martin Kelley's resignation and, more sadly, by the death of Arthur Carlson. Arthur's knowledge of town affairs and his dedication is sorely missed, and it will be difficult for the Board to adjust to this loss. Nevertheless, Charles Robert's appointment to full member has been quite helpful, and Charles Watson's appointment to Zoning Administrator in addition to his job as Planning Director helps considerably. James Bedard was sworn in as an alternate member in December and brings to the job a variety of excellent skills as well as long-term residency in Merrimack.

The Board will consider some interesting matters in 1988, no doubt, and we will try, as ever, to interpret the zoning ordinances in the spirit which you, the citizens, wrote them for us.

We commend the Planning Department staff for their administration of our zoning matters and especially thank Mary Bennett and Jean Weston for keeping things running smoothly.

Respectfully submitted,
DAVID A. PADDOCK, CHAIRMAN
BRUCE W. NIGHTINGALE, VICE CHAIRMAN
C. R. POREMBSKI
DONALD R. DWYER
CHARLES L. ROBERTS
JAMES J. BEDARD, ALTERNATE

PARKS & RECREATION

As the year 1986 was a "dynamic year" for Parks and Recreation, 1987 was a year for progress. Last year, we defined our problems and goals. This year, we attacked these problems and goals and next year we should accomplish significant solutions and benefits from the establishment of a professional department.

In any attempt to structure a new organization, there is always the problem of continuing momentum that meets promise of early success. When no programs are in operation, any new program becomes a success. Because of this initial growth, we often lose sight of the enormity of the task.

For the majority of the time encompassed by last year, the department head's job description was Parks and Recreation Coordinator. What an apt designation. Already in place in town were working mechanisms for a good Parks and Recreation system; a fine Public Works Department, a new town planner, a hard-working Parks and Recreation Committee, an excellent school system and probably the finest volunteer youth group program in the state. It was the coordinator's job to work with and establish liaison between these groups to establish workability and joint purpose for the future of Parks and Recreation for the citizens of Merrimack.

Finite documentation of yearly progress is the purpose of the traditional year-end report of an organization with established history. We are now only beginning to gather the information needed for such a formal report. Only at the end of the fiscal year can we complete our first-year history data so that we now can chart our departmental progress.

We have made or are making major improvements on all athletic fields and park lands in the town. We have created many new programs and enhanced old programs. We are now in a position to plot growth and development in all areas.

It would require a full book to mention all the people who have provided this department with much-appreciated volunteer help for the year. The Merrimack Youth Association alone is comprised of seven hundred volunteers. But two individuals deserve special mention in this report. Parks and Recreation Committee Chairman Joe Martel and Merrimack Youth Association President Larry Demers. Both of these gentlemen have put in immense work and manhours in all phases of this department's growth. Without their guidance and hard work, any progress would have been minimal.

Respectfully submitted,
John W. Petz

CODE ENFORCEMENT OFFICER'S REPORT

January 1, 1987 - December 31, 1987

1987 ANNUAL REPORT

1987 saw only a small less than 1% increase in building permits issued compared to 1986. (987 vs 978).

Fees for 1987 totaled \$119,561 which is down approximately 20% compared to \$150,242 for 1986.

Single family permits issued (117) declined by 39% against 163 for 1986.

	<u>Residential Building Permits</u>	<u>Dwelling Units</u>
1986 163 Single Family Structures		163
<u>110</u> Multi Family Structures		<u>643</u>
273		806
1987 117 Single Family Structures		117
<u>52</u> Multi Family Structures		<u>409</u>
169		526

There were 526 dwelling units permitted in 1987 compared to 806 in 1986, a drop of 34.5%.

Permits Issued 1987

Single family dwellings	117
Multi family dwellings	52
Residential garages and carports	75
Additions to single family	267
Additions other than single family	46
Warehouses	0
Office buildings	4
Electrical	88
Plumbing	16
Signs	83
Swimming pools	67
Septic system repairs	83
Demolitions	6
Oil burner permits	195
Storage tanks	15

We issued 987 permits for 1987 which there were 83 miscellaneous permits for foundations, temporary construction trailers, etc.

Statistics

Incoming telephone calls	24,560
Xerox copies	44,750
Persons assisted at counter	12,470
Inspections requested	4,080
Inspections performed and recorded	12,240
Letters mailed	449
Notices of Code/Zoning/Sign violations	219

My deepest thanks to my staff Assistant Building Inspectors Maurice Cote, Nancy Bailey, George Couture, Office Manager Sally Raymond and Lena Cook.

Respectfully submitted,
Eugene H. Leger,
Code Enforcement Officer
Chief Building Inspector

WELFARE DEPARTMENT

The Welfare Department handled twenty-seven cases in 1986-87. Expenses totalled \$19,179.10, and receipts came to \$23,752.14. This was due to homeowners paying off liens after selling their property or after applying for home improvement loans.

General assistance, consisting of rent, food, utilities and prescriptions, is the only type of case handled by the town. Most of the cases involve single parents trying to raise a family.

The department continues to be handled through the Finance Department with the Town Manager serving as Overseer of the Poor.

This is the third year the town has contributed toward and participated in a mediation program for juveniles. This is a program run by the City of Nashua. The police juvenile officer, the schools and the court refer families who are having trouble communicating. Its aim is to better the relationship between parents and children before the situation reaches the critical stage. Many communities participate and it has proven to be very successful.

Merrimack continues to be a member of the New Hampshire Local Welfare Administrators Association and participates in meetings on subjects pertaining to the management of the welfare program. This association keeps abreast with new laws being passed by the legislature and informs the towns of these changes.

Jean Hieken
Welfare Secretary
